- 3.13.3 As a minimum, applicants should be capable of satisfactorily completing 3 of the recommended tests. Satisfactorily is held to mean the achievement in the 20th percentile as cited in the Cooper Fitness Norms, Single Norms². The inability of a recruit to perform physical ability tests to the 20th percentile shall be reported to the Director of Training of the academy to which the recruit is enrolled. The Director of Training may require additional testing, specialized training, or may at his/her discretion, deny enrollment of said recruit in the respective training academy.
- 3.13.4 Physical Fitness/Wellness testing and training is to encourage and teach law enforcement officers to maintain a healthy fitness level throughout their career. Law enforcement officers who remain physically fit prove more readily able to cope with the day-to-day stress of job demands, and are better prepared to handle critical incidents. For this purpose, the COPT has established a minimum Physical Ability level for law enforcement recruit applicants, and officers currently employed in law enforcement out of state, and seeking law enforcement employment in Delaware. It will be the responsibility of each agency to test and determine fitness for duty levels of their respective recruit candidates.
- 3.13.5 While the COPT has established minimum standards, each department may establish higher standards based on the physical demands placed on officers within their respective jurisdiction. Agency heads, when establishing physical fitness standards for their agency are encouraged to familiarize themselves with Federal Legislation contained in Title VII of the Civil Rights act of 1964, and by the Civil Rights Act of 1991. This legislation requires that all employers of more than 15 employees must refrain from policies and procedures, which either expressly or effectively discriminates against specified categories of individuals except under limited circumstances.
- 3.14 No requirement of this section is to be interpreted as precluding any agency from establishing higher standards. In no case, however, may the department head or agency employ persons with qualifications below the minimums set forth in these regulations for the position of police officer. Higher standards are recommended whenever the availability of qualified applicants is available.
- 3.15 During declared states of emergency, the Administrator may, but is not required to, "waive" or "modify" certain minimum standards for initial certification as reasonably necessary to provide accommodations necessitated by the circumstance that caused the state of emergency to be declared. Any such waiver or modification shall be reported to the Council at the next regularly scheduled meeting. All candidates are required to fully comply with the minimum standards, if practicable, when the state of emergency is lifted.

TITLE 1 AUTHORITIES, BOARDS AND COMMISSIONS
DELAWARE ADMINISTRATIVE CODE

- 19.5 Failure of any police officer to complete his/her annual COPT mandated in-service training shall be grounds for suspension of his/her certification until such training is completed. The Council may stay, extend, waive or modify such suspension when it is shown that the failure to comply with the requirements was not due to the intentional avoidance of the annual training requirements or upon a showing of hardship upon the employing law enforcement agency.
- 19.6 COPT is a State training and certifying body and is **NOT** owned by any specific agency, Town, City, or County. Therefore, COPT certification cannot be included in any separation agreements between certified law enforcement officers and their former or current employers, Courts, Department of Justice, Union Affiliates or other entities representing the law enforcement officers or said employers, or any other interested parties.

- 23.1 All police officer applicants seeking Council on Police Training certification shall successfully pass a standardized competency examination developed and approved by the Council.
- 23.2 The Council has approved three examinations, each consisting of 100 multiple choice and true/false questions. The questions are divided into four sections of general law enforcement knowledge. There are no agency-specific questions or topics.
- 23.3 Police officer applicants must score at least a 70% on each section to be considered eligible for Council certification.

- 23.5 The Administrator or his/her designee will randomly select one examination from the three approved examinations to submit to the applicant. On any retake examination, the Administrator or his/her designee will submit one of the two other examinations to the applicant to prevent possible memorization of the questions. 26.0 Mandatory Standards for Use of Body Worn Cameras

- 26.1 Definitions. The following definitions apply solely to Section 26.0 of this regulation:

TITLE 1 AUTHORITIES, BOARDS AND COMMISSIONS
DELAWARE ADMINISTRATIVE CODE

"**BWC**" means body worn cameras.

"**Chief**" means the colonel, executive, director or head of the department or agency, or the Chief's designee.

"**DCRPT**" means the Delaware Department of Justice's Division of Civil Rights and Public Trust.

"**Officers**" shall be those officers described in 11 **Del.C.** §8402A.

"**SROs**" means School Resource Officers or other officers when acting in the capacity of SROs.

- 26.2 As required by 11 **Del.C.** §8404(c), Section 26.0 sets forth certain standards required for policies to be developed for the use of BWC as those cameras are required to be worn by the officers. Agencies employing officers using BWC are required to develop policies containing these standards and are encouraged to expand and to customize those policies so that they both accomplish the requirements of 11 **Del.C.** Ch. 84A and meet the needs of their specific agencies.
- 26.3 Requirement to Wear BWC. BWC shall be worn by officers while on duty in a role that is likely to result in interactions with the public. Officers who serve in administrative functions or who do not regularly interact with the public are not required to wear BWC.
- 26.3.1 Officers who are required to wear BWC will typically include:
- 26.3.1.1 Officers in uniform while acting in the performance of official duties;
 - 26.3.1.2 Officers whose assigned duties include regular interaction with members of the public where such duties might lead to an arrest situation or use of force event;
 - 26.3.1.3 Officers assigned to enforcement-related activities such as demonstrations or potential civil disturbances, tactical response teams, pre-planned arrest or search warrant teams, traffic units, proactive enforcement teams, canine officers, mounted units, probation or parole compliance, security or crowd-control functions at special events;
 - 26.3.1.4 While in the field, officers assigned to field investigations for police agencies, Department of Corrections, and the Department of Services for Children, Youth, and Their Families; and
 - 26.3.1.5 Officers assigned to "front desk" duty whose duties include interaction with members of the public.
- 26.3.2 Officers not required to wear BWC will typically include:
- 26.3.2.1 Officers in undercover assignments, administrative positions, hostage or crises negotiators, officers meeting with or recruiting confidential sources, non-uniformed officers assigned to non-enforcement duties;
 - 26.3.2.2 Officers engaged in union representation of a member of the collective bargaining unit; and
 - 26.3.2.3 In extraordinary circumstances (riot, large concert), where an agency has to deploy so many officers that the agency cannot reasonably provide each officer with a BWC.
 - 26.3.2.3.1 Subsection 26.19 concerning special exceptions must be followed for planned events.
- 26.3.3 SROs. School Resource Officers performing in a law enforcement capacity and not an educational capacity shall follow Section 26.0 of this regulation. SROs have a unique position in law enforcement; in light of that and the fact that SROs, by their roles, routinely interact with juveniles and students with special needs, these mandatory standards shall be interpreted with greater flexibility to those officers when not engaged in traditional law enforcement interactions.
- 26.4 Activation of BWCs. BWC shall be active to record contacts with citizens in the performance of official duties, including:
- 26.4.1 During calls for service;
 - 26.4.2 Where an arrest or detention appears to be likely;
 - 26.4.3 Where use of force appears to be likely;
 - 26.4.4 Where it appears doing so may promote the safety of people and property; and
 - 26.4.5 Where doing so may be helpful to preserve evidence.
- 26.5 Notwithstanding subsection 26.4, at no time are officers expected to jeopardize their safety or the safety of others in order to activate BWC.
- 26.5.1 BWC shall be activated as soon as the circumstances permit safe activation.
 - 26.5.2 Officers shall document the exigency that prohibited the immediate activation of BWC. See also subsection 26.7.
- 26.6 BWC shall remain activated until the entire contact is completed in order to ensure the integrity of the recording unless the contact moves into an area restricted by these regulations.

- 26.7 If BWC are not activated for an entire contact, or a recording is interrupted, the officer shall document why a recording was not made, was interrupted, or was terminated.
- 26.8 Absent exigent circumstances, recordings shall not be permitted to be reviewed by members of the public at the scene of an incident or event.
- 26.9 Agencies shall ensure that officers assigned BWC receive approved training on BWC use and operation pursuant to these regulations as well as all applicable law and policies prior to using BWC.
- 26.10 Officers who are assigned or utilize BWCs shall inspect and test the BWC prior to each shift or special event to verify proper functioning and shall notify their supervisor of any problems. Officers shall document any unusual circumstances why a test did not occur such as the emergency activation of a special response unit.
- 26.11 Officers shall not, in any manner, edit, alter, or erase BWC recordings. Officers may duplicate, copy or distribute BWC recordings with the Chief's prior written approval.
- 26.12 Officers shall note in incident, arrest, and related reports when recordings were made during the incident in question and if a BWC recording was reviewed by the officer prior to or during report writing. Additionally, an officer's report should note any discrepancies in material information between the officer's perception and the video. BWC recordings are not a replacement for written reports.
- 26.13 Recording Prohibitions. BWC shall be used only in conjunction with official law enforcement duties and to record interactions with the public and, absent exigent circumstances, shall not be used to record:
 - 26.13.1 Private communications with other police personnel without the permission of the Chief;
 - 26.13.2 Encounters with undercover officers or confidential informants;
 - 26.13.3 Moments while on break or otherwise engaged in personal activities;
 - 26.13.4 Any location where individuals have a reasonable expectation of privacy, such as a restroom or locker room;
 - 26.13.5 A strip search;
 - 26.13.6 Court proceedings by non-court personnel officers, except where an incident occurs during a court proceeding; and
 - 26.13.7 Any other situation where applicable law or regulation provides for confidentiality including but not limited to:
 - 26.13.7.1 HIPAA;
 - 26.13.7.2 Conversations between medical treatment providers and patients;
 - 26.13.7.3 Conversations with counsel or union representatives; and
 - 26.13.7.4 Any other privileged conversations.
 - 26.13.7.5 Where an officer feels it is necessary to stop recording to facilitate speaking with a witness or a member of the public. When feasible, the officer will state an intent to stop recording before stopping the BWC and, upon reactivation, state that the BWC was restarted, but in all cases, video interruptions will be indicated in a written report.
- 26.14 Storage of Digital Files
 - 26.14.1 Agencies will not store digital files in an unsecured manner.
 - 26.14.2 Considering the rapid evolution of technology, it is expected that agencies will utilize best practices related to cyber security.
 - 26.14.3 Local storage will feature competent security barriers and full-sized backup capacity.
 - 26.14.4 Remote storage vendors will have competent security protocols and proven ability in public sector service.
 - 26.14.5 All access to BWC data (images, sounds, and metadata) must be specifically authorized by the Chief, and all access is to be audited on a reasonable schedule to ensure that only authorized users are accessing the data for legitimate and authorized purposes.
 - 26.14.6 Files should be securely stored in accordance with any state or municipal records retention law or policy and no longer than useful for purposes of liability protection, training or for use in an investigation or prosecution.
- 26.15 Agencies will adopt quality control mechanisms to ensure compliance with these regulations.
- 26.16 Dissemination. In addition to the prohibitions in subsection 26.11, no officer shall access, view, copy, disseminate, or otherwise use a BWC recording except for an official purpose as specified in subsection 26.16 and applicable law. BWC recordings shall not be divulged or used by any law enforcement agency for any

 - 26.16.11.2 Video shall not be released until DCRPT has completed any criminal investigation or subsequent prosecution, unless authorized by DCRPT.
- 26.16.12 Video of a use-of-force incident resulting in death or serious bodily injury shall not be released until the following additional conditions are met:
 - 26.16.12.1 Key witness interviews are substantially completed;
 - 26.16.12.2 The victim's family is afforded the opportunity to review the video;

- 26.19 Exemptions from the requirements in subsection 26.3.2.3 are permitted only when approved by the Chief, and only under special circumstances that warrant an exception. The reasons for the exemption must be documented and demonstrate a special need. Such requests for exemption, when possible, shall be made in advance and approved in writing by the Chief.

26 DE Reg. 223 (09/01/22)

27.0 Electronic Recording of Custodial Interrogations

- 27.1 All Police Officers, as defined in 11 **Del.C.** §8401(6), a sworn member of a police force or other law-enforcement agency of this State or of any county or municipality who is responsible for the prevention and the detection of crime and the enforcement of laws of this State or other governmental units within the State,

certified by the Delaware Council on Police Training, shall be required to follow the prescribed regulations on the electronic recording of custodial interrogations.

27.2 It is the purpose of this subsection to establish guidelines and procedures for recording specific custodial interrogations and confessions in order to provide an evidentiary record of statements made of persons suspected of committing crimes. These recordings will help to protect both the rights of suspects and officers against accusations of coercion or other interrogation-related misconduct and will also assist in the likelihood of successful prosecution.

27.3 The following are defined for purposes of this subsection:

"Custodial interrogation" means questioning or other conduct by a law enforcement officer which is reasonably likely to elicit an incriminating response from an individual and occurs when reasonable individuals in the same circumstances would consider themselves in custody.

"Electronic recording" means an audio recording or an audio and video recording that accurately records a custodial interrogation.

"Place of detention" means a fixed location under the control of a law enforcement agency where individuals are questioned about alleged crimes or delinquent acts. Place of detention includes jails, police stations, holding cells, correctional or detention facilities, police vehicles, and schools (in cases where minor students are questioned).

"Statement" means communication whether oral, written, electronic, or nonverbal.

27.4 Recording Requirements

27.4.1 Officers shall electronically record custodial interrogations if the interrogation relates to a crime or delinquent act, is conducted in a place of detention, including the giving of any required warning, advice of the rights of the individual being questioned, and the waiver of any rights by the individual, in its entirety.

27.4.2 A custodial interrogation must be recorded if the custodial detention occurs at a jail, police station, or holding cell by audio and video means. If the custodial detention occurs in a police vehicle, at a school for a child, in a correctional or detention facility, or at any other place of detention by audio means or by the use of a body worn camera at a minimum.

27.4.3 If electronic recording cannot be conducted due to equipment failure, lack of suspect cooperation, or for other reasons deemed pertinent to the successful interrogation by the investigating officer, the basis for such occurrences shall be documented in writing. This includes but is not limited to spontaneous declarations or other statements not elicited by police questioning.

27.4.4 Officers shall prepare a written or electronic report as soon as practicable after completing the custodial interrogation that summarizes the process.

27.5 Recording Protocol

27.5.1 Recording may be overt or covert, as covert recording constitutes one-party consent monitoring which is permitted by Delaware state law.

27.5.2 Electronic recording should begin as soon as a subject enters the interrogation room or area and continue until the interrogation is completed. Officers shall not record private attorney-client or parent-juvenile conversations.

27.5.3 Electronic recording must be conducted through video means at a jail, police station, or holding cell, and when feasible that video recording must allow a viewer to see both the individual being interrogated and the individuals conducting the interrogation.

27.5.4 Each recording shall include the following:

27.5.4.1 Declaration of the time the recording began.

27.5.4.2 Declaration of the start of the interrogation.

27.5.4.3 Administration of Miranda warning, even if the recording is a follow up to a prior interrogation or the suspect has been previously Mirandized.

27.5.4.4 Notation of the time the interrogation ends.

27.5.5 Any lapse in the recording for comfort breaks or other reasons shall be accounted for on the recording. During a short recess the recording may continue without interruption.

27.6 Chain of Custody

27.6.1 Recordings of interrogations are considered evidence and shall be handled as such and in accordance with each law enforcement agency's departmental policies. In addition, the following shall apply:

27.6.1.1 The original recording media shall be protected from re-recording.

TITLE 1 AUTHORITIES, BOARDS AND COMMISSIONS
DELAWARE ADMINISTRATIVE CODE

- 27.6.1.2 The recording shall be specifically marked and identified with its specific case number and information and shall be labeled as an original or a copy.
- 27.6.1.3 The officer's official report shall note how the interrogation was conducted.
- 27.6.2 Recordings shall be retained by the department in secure storage for a period as defined by state law, departmental policy or the office of the Attorney General of the State of Delaware. Guidelines for Body Worn Camera recordings are defined in Section 26.0.
- 27.7 Supervisory Responsibilities and Review of Electronic Recordings
 - 27.7.1 Supervisors will follow their departmental policies to ensure that officers abide by these regulations.
 - 27.7.2 Supervisors will review crime reports and recordings associated with interrogations through a random audit, or anytime information is presented that questions the content of a recording.
- 27.8 Training and Education. Training relative to these regulations and the recording of custodial interrogations shall be included in the interview and interrogation course curriculums at each of the approved Delaware police academies.
- 27.9 No Third-Party Rights and Penalties for Non-Compliance
 - 27.9.1 Nothing in these regulations shall create a private right of action in any third party. These regulations set mandatory standards for implementation and enforcement of 11 **Del.C.** Ch. 20.
 - 27.9.2 Officers who violate these regulations are subject to disciplinary action outlined by each departmental disciplinary policies and procedures, and may be subject to review by the COPT.
- 27.10 Exceptions (As set forth in greater detail in 11 **Del.C.** §§2005-2009)
 - 27.10.1 Exigent Circumstances. If the recording is not feasible because of exigent circumstances, then the recording need not take place. The officer conducting the interrogation shall record electronically, which may be through an electronic report, an explanation of the exigent circumstances.
 - 27.10.2 Refusal by interviewee. If the interviewee is informed that the interrogation will be recorded and indicates that he or she is willing to give a statement but only if it is not electronically recorded, then a recording need not take place. Such a refusal should be electronically recorded if practical.
 - 27.10.3 Public safety exception. If law enforcement officials are required, for immediate public safety reasons such as ascertaining the nearby existence of guns or drug paraphernalia, or the status of hostages or kidnapped persons, to conduct custodial interrogation without the use of otherwise required constitutional safeguards, then a recording need not take place.
 - 27.10.4 With permission of DOJ attorney. A DOJ attorney may authorize a non-recorded interrogation for reasons that do not fall within the prior three exceptions when a significant and articulable law enforcement purpose justifies such an interrogation. Such authorization shall be in writing and shall explain the rationale for granting such permission.
 - 27.10.5 All exceptions shall be thoroughly documented by the officer in a written or electronic report as soon as practical.
