PROPOSED

Education Impact Analysis Pursuant To 14 Del.C. Section 122(d)

815 Health Examinations and Screening

A. Type of Regulatory Action Required

Amendment to Existing Regulation

B. Synopsis of Subject Matter of the Regulation

The Secretary of Education intends to amend 14 DE Admin. Code 815 Health Examinations and Screening related to the 9th grade health examination. The amendments change the requirement for a 9th grade health examination to be effective beginning with the 2013-2014 school year. The 9th grade health examination will be strongly recommended in the 2012-2013 school year. The delay for required implementation is to provide additional time for parents and guardians to be advised and to prepare for the new requirement. Districts and charters schools have already embarked on communicating information to parents and guardians related to the new 9th grade health examination.

Persons wishing to present their views regarding this matter may do so in writing by the close of business on or before August 3, 2012 to Susan Haberstroh, Education Associate, Regulation Review, Department of Education, at 401 Federal Street, Suite 2, Dover, Delaware 19901. A copy of this regulation is available from the above address or may be viewed at the Department of Education business office.

C. Impact Criteria

1. Will the amended regulation help improve student achievement as measured against state achievement standards? The amendments are related to the 9th grade health examination and not specifically related to the state achievement standards.

2. Will the amended regulation help ensure that all students receive an equitable education? The amendments are related to the 9th grade health examination and not specifically related to students receiving an equitable education.

3. Will the amended regulation help to ensure that all students' health and safety are adequately protected? The amendments continue to address the health and safety of students.

4. Will the amended regulation help to ensure that all students' legal rights are respected? The amendments are related to the 9th grade health examination and not specifically related to students' legal rights.

5. Will the amended regulation preserve the necessary authority and flexibility of decision making at the local board and school level? The amendments preserve the necessary authority and flexibility of decision making at the local board and school levels.

6. Will the amended regulation place unnecessary reporting or administrative requirements or mandates upon decision makers at the local board and school levels? The amendments do not place unnecessary reporting or administrative requirements or an additional mandate upon decision makers.

7. Will the decision making authority and accountability for addressing the subject to be regulated be placed in the same entity? The decision making authority does not change with the amendments.

8. Will the amended regulation be consistent with and not an impediment to the implementation of other state educational policies, in particular to state educational policies addressing achievement in the core academic subjects of mathematics, science, language arts and social studies? The amendments are related to the 9th grade health examination and consistent with other state policies.

9. Is there a less burdensome method for addressing the purpose of the regulation? There is not a less burdensome method for addressing the purpose of the regulation.

10. What is the cost to the State and to the local school boards of compliance with the regulation? The districts and charter schools will need to notify parents and guardians of the 9th grade health examination provisions.
