PROPOSED

201 Child Placing Agencies

PUBLIC NOTICE

Summary

The Office of Child Care Licensing proposes to amend the Delaware Requirements for Child Placing Agencies to provide clarity, reflect changes in laws and treaties, align with current best practices, and improve standards of care. No public comments were received as part of the public hearing process for Executive Order 36; however, the proposed changes are based upon a formal comprehensive review process. Through this process all providers were asked to participate, as well foster and adoptive parents, children previously or currently served in the foster care and adoption system, and representatives of the Court and advocacy groups. The revisions represent a consensus of all participants including licensed providers, parents, youth, and subject experts based on best practice and provider consensus.

It has been 16 years since the regulations were last changed. There have been many legal changes in the area of foster care and adoption as well as in best practices that have called for more structure and accountability. Many providers advocated for stronger regulations which could afford children receiving foster care or adoptive services a uniform set of standards under which they would receive the protection needed without regard to the specific service provider or circumstances of the placement.

Comments

A copy of the proposed regulations is being published in the July 1, 2013 edition of the *Delaware Register of Regulations*. Interested parties wishing to offer comments on the proposed regulations or submit written suggestions, data, briefs or other materials concerning the proposed regulations must submit same to Elizabeth Timm, Office of Child Care Licensing, 1825 Faulkland Road, Wilmington, Delaware 19805 or by fax to 302-633-5112 by the close of business on August 6, 2013. Comments may also be offered at a public hearing to be held at the New Castle County Government Center, James H. Gilliam, Sr. Building, Multi-Purpose Room, 77 Reads Way, New Castle, DE 19720 on Wednesday, July 24, 2013, 4:00 to 6:00 p.m.

Adoption of Proposed Regulation

The action concerning the determination of whether to adopt the proposed regulations will be based upon staff analysis and the consideration of the comments and written materials filed by other interested persons.
