REGULATORY IMPLEMENTING ORDER

502 Alignment of Local School District Curricula to the State Content Standards

I. SUMMARY OF THE EVIDENCE AND INFORMATION SUBMITTED

The Secretary of Education intends to amend 14 **DE Admin. Code** 502 Alignment of Local School District Curricula to the State Content Standards. The amendments reflect process changes related to the demonstration of alignment of local school district curricula to the state content standards. This reduces the burden on the districts as well as the Department and also provides for flexibility based on the uniqueness of each district related to the development of local curricula.

Notice of the proposed regulation was given by publication in the Delaware *Register of Regulations*, Volume 17- Issue 7, pages 679 - 683, on January 1, 2014. Comments were received from the Governor's Advisory Council for Exceptional Citizens and the State Council for Persons with Disabilities. The comments were considered and minor amendments were made. The Councils articulated a concern with the change from a very prescriptive nature to one that is "less prescriptive/ rigid and rigorous." The Councils endorsed the specific requirements related to specific student populations. The DDOE has reviewed the previous structure and considers the proposed process to allow for any needed evidence to ensure curriculum alignment. One comment was related to the "Survey of Enacted Curriculum." The completion of this survey was one of a number of options. A change has been regarding when the documentation for alignment may be reviewed.

Code** 502 Alignment of Local School District Curricula to the State Content Standards in order to reduce the burden on the districts as well as the Department and to provide for flexibility based on the uniqueness of each district related to the development of local curricula.
