## **6.0 Guidelines for Qualifying Mass Appraisal Experience**

### 6.1 Qualifying Mass Appraisal Experience

- 6.1.1 Qualifying mass appraisal experience must conform to USPAP Standard 6. Credit will be given for experience that demonstrates proficiency in appraisal principles, techniques, or skills used by appraisers practicing under USPAP Standard 1.
- 6.1.2 Components of the mass appraisal process that should be given credit are highest and best use analysis, model specification (developing the model), and model calibration (developing adjustments to the model). Other components of the mass appraisal process, by themselves, shall not be eligible for experience credit.
- 6.1.3 In order to evaluate the experience qualifications of ad valorem tax assessors with mass appraisal experience, the Council will review such applications considering the above - mentioned criteria, and shall review work samples for compliance with USPAP Standard 6. It is important to note that any individual appraisal reports prepared in conformity with USPAP Standards 1 and 2 are fully creditable as appraisal experience. Such reports are often prepared by ad valorem appraisers for defense of value work. Ad valorem appraisers are encouraged to apply for experience credit for full appraisals as well as for mass appraisal experience. An hour of experience is defined as actual verifiable time spent performing tasks in accordance with the Council Rules and Regulations. USPAP Standard 6 sets forth in detail the required work and the reporting of that work for ad valorem tax purposes. Unlike the fee appraiser who prepares and signs a report for each value estimate, the ad valorem appraiser typically prepares analyses and reports that support the appraisals for groups of properties. These efforts are focused on the specification and calibration of models (validation schedules) for these groups of properties.
- 6.1.4 Applicants seeking mass appraisal experience credit must demonstrate their experience using one of the following options:
  - 6.1.4.1 Develop the mass appraisal system (model specification and calibration that includes highest and best use analysis) or;
  - 6.1.4.2 Adjust an existing mass appraisal system to local market conditions (model calibration that includes highest and best use analysis).
- 6.1.5 Data collection for purposes of mass appraisal, defined as the on-site collection of property characteristics, is not by itself creditable as appraisal experience. However, as part of mass appraisal model specification and/or calibration, the applicant accepts responsibility for the accuracy of market (sales) data used to develop and/or calibrate the models. Therefore, it is important that the applicant have a working familiarity with the range of properties in the sales sample and thus creditable experience is allowed for sales verification work in conjunction with the mass appraisal model specification/calibration process.
- 6.1.6 The applicant must have a documented data collection manual that specifies how each property characteristic was measured. For each property characteristic that influences the final value for any property, a complete specification of the variable must be available in the mass appraisal model (schedule) documentation. This documentation must detail how each property characteristic influences value and it must provide a basis in terms of market evidence for using these characteristics.

- 6.1.7 If the applicant is using an existing mass appraisal system, either mass appraisal vendor supplied or a commercial cost service, documentation must exist which supports how the valuation system was calibrated to local market conditions. If the cost approach is used, documentation must exist which illustrates the extraction of depreciation schedules from local market analysis.
- 6.1.8 If the applicant develops the mass appraisal model (schedule) specification, evidence derived directly from the local market must be available that supports the use of each property characteristic. For property characteristics included in the model that have a marginal influence on value (items generally included for public relations purposes), such items should be specifically identified and their contribution to value detailed.

## 6.2 Mass Appraisal Experience Log

- 6.2.1 Applicants seeking mass appraisal experience credit must complete the Mass Appraisal Experience Log on a form approved by the Council.

## **12.0 Voluntary Treatment Option for Chemically Dependent or Impaired Professionals**

- 12.1 If the report is received by the chairperson of the regulatory Council, that chairperson shall immediately notify the Director of Professional Regulation or his/her designate of the report. If the Director of Professional Regulation receives the report, he/she shall immediately notify the chairperson of the regulatory Council, or that chairperson's designate or designates.
- 12.2 The chairperson of the regulatory Council or that chairperson's designate or designates shall, within 7 days of receipt of the report, contact the individual in question and inform him/her in writing of the report, provide the individual written information describing the Voluntary Treatment Option, and give him/her the opportunity to enter the Voluntary Treatment Option.
- 12.3 In order for the individual to participate in the Voluntary Treatment Option, he/she shall agree to submit to a voluntary drug and alcohol screening and evaluation at a specified laboratory or health care facility. This initial evaluation and screen shall take place within 30 days following notification to the professional by the participating Council chairperson or that chairperson's designate(s).
- 12.4 A regulated professional with chemical dependency or impairment due to addiction to drugs or alcohol may enter into the Voluntary Treatment Option and continue to practice, subject to any limitations on practice the participating chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional, deem necessary, only if such action will not endanger the public health, welfare or safety, and the regulated professional enters into an agreement with the Director of Professional Regulation or his/her designate and the chairperson of the participating Council or that chairperson's designate for a treatment plan and progresses satisfactorily in such treatment program and complies with all terms of that agreement. Treatment programs may be operated by professional Committees and Associations or other similar professional groups with the approval of the Director of Professional Regulation and the chairperson of the participating Council.
- 12.5 Failure to cooperate fully with the participating Council chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate in regard to the Voluntary Treatment Option or to comply with their requests for evaluations and screens may disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Council chairperson or that chairperson's designate or designates shall cause to be activated an immediate investigation and institution of disciplinary proceedings, if appropriate, as outlined in subsection 12.8 of this section.
- 12.6 The Voluntary Treatment Option may require a regulated professional to enter into an agreement which includes, but is not limited to, the following provisions:
  - 12.6.1 Entry of the regulated professional into a treatment program approved by the participating Council. Council approval shall not require that the regulated professional be identified to the Council. Treatment and evaluation functions must be performed by separate agencies to assure an unbiased assessment of the regulated professional's progress.
  - 12.6.2 Consent to the treating professional of the approved treatment program to report on the progress of the regulated professional to the chairperson of the participating Council or to that chairperson's designate or designates or to the Director of the Division of Professional Regulation or his/her

- designate at such intervals as required by the chairperson of the participating Council or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate, and such person making such report will not be liable when such reports are made in good faith and without malice.
- 12.6.3 Consent of the regulated professional, in accordance with applicable law, to the release of any treatment information from anyone within the approved treatment program.
  - 12.6.4 Agreement by the regulated professional to be personally responsible for all costs and charges associated with the Voluntary Treatment Option and treatment program(s). In addition, the Division of Professional Regulation may assess a fee to be paid by the regulated professional to cover administrative costs associated with the Voluntary Treatment Option. The amount of the fee imposed under this subparagraph shall approximate and reasonably reflect the costs necessary to defray the expenses of the participating Council, as well as the proportional expenses incurred by the Division of Professional Regulation in its services on behalf of the Council in addition to the administrative costs associated with the Voluntary Treatment Option.
  - 12.6.5 Agreement by the regulated professional that failure to satisfactorily progress in such treatment program shall be reported to the participating Council's chairperson or his/her designate or designates or to the Director of the Division of Professional Regulation or his/her designate by the treating professional who shall be immune from any liability for such reporting made in good faith and without malice.
  - 12.6.6 Compliance by the regulated professional with any terms or restrictions placed on professional practice as outlined in the agreement under the Voluntary Treatment Option.
  - 12.7 The regulated professional's records of participation in the Voluntary Treatment Option will not reflect disciplinary action and shall not be considered public records open to public inspection. However, the participating Council may consider such records in setting a disciplinary sanction in any future matter in which the regulated professional's chemical dependency or impairment is an issue.
  - 12.8 The participating Council's chairperson, his/her designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional at any time during the Voluntary Treatment Option, restrict the practice of a chemically dependent or impaired professional if such action is deemed necessary to protect the public health, welfare or safety.
  - 12.9 If practice is restricted, the regulated professional may apply for unrestricted licensure upon completion of the program.
  - 12.10 Failure to enter into such agreement or to comply with the terms and make satisfactory progress in the treatment program shall disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Council shall be notified and cause to be activated an immediate investigation and disciplinary proceedings as appropriate.
  - 12.11 Any person who reports pursuant to this section in good faith and without malice shall be immune from any civil, criminal or disciplinary liability arising from such reports, and shall have his/her confidentiality protected if the matter is handled in a nondisciplinary matter.
  - 12.12 Any regulated professional who complies with all of the terms and completes the Voluntary Treatment Option shall have his/her confidentiality protected unless otherwise specified in a participating Council's rules and regulations. In such an instance, the written agreement with the regulated professional shall include the potential for disclosure and specify those to whom such information may be disclosed.
