PUBLIC NOTICE
3521 Weakfish Size Limits; Possession Limits; Seasons

This action proposes to modify Delaware's commercial weakfish management approach of intermittent net closures from May 1 through June 30 to an uninterrupted closure (all gears) from May 1 through June 2. The amendment proposes a weakfish bycatch allowance during the closure of up to 100 pounds per day or trip for the commercial gill net fishery and accommodates commercial fishing for species other than weakfish (e.g., Atlantic menhaden and black drum). It should be noted that the proposed action will not impact the gill net restrictions established in 7 Del.C. §923 and it maintains existing recreational closures, as well as catch limits during the open season in all fisheries. Finally, the action proposes to eliminate mailed notices of net closure dates, as the dates are annually published in the Fishing Guide which is widely available in print and posted online.

The Atlantic States Marine Fisheries Commission (ASMFC) determined that the proposed net closure management strategy is consistent with Amendment III and Addendum IV to Amendment IV of the Interstate Fishery Management Plan for Weakfish. Further, the concept of the proposed action was endorsed by the Tidal Finfish Advisory Council at its January 15, 2014 meeting.

The hearing record on the proposed changes to 3521 Weakfish Size Limits; Possession Limits; Seasons will be open May 1, 2014. Individuals may submit written comments regarding the proposed changes via e-mail to Lisa.Vest@state.de.us or via the USPS to Lisa Vest, Hearing Officer, DNREC, 89 Kings Highway, Dover, DE 19901 (302) 739-9042. 2309 Standards and Regulations for Subdivision Streets and State Highway Access

Background

As authorized under 17 **Del.C.** §§132(e), 507, 508, and 29 **Del.C.** §8404(8), inter alia, the Delaware Department of Transportation, ("DelDOT"), through its Division of Planning and Public Policy, seeks to adopt significant general revisions to its existing regulations regarding subdivisions streets and state highway access, not least of which to broaden the title of the regulations to "Development Coordination Manual," among other changes.

The current regulations were generally enacted in 2007, and were revised in partial form in 2010. The proposed regulations are a comprehensive re-write of the entire Section 2309 of title 2 of the Delaware Administrative Code. The changes take into account the issues and concerns identified and addressed as needing amendment by not only DelDOT staff, but also the end users of the current regulations.

Almost all of the new suggested text should be considered regulatory. Those portions of the revised Section 2309 that are intended to be relied upon as only guidance are clearly identified as such.

Public Comment Period

DelDOT will take written comments on these proposed general revisions to Section 2309 of title 2, Delaware Administrative Code, from May 1, 2014 through June 30, 2014. In addition, in the June 1 Delaware Register, and in other publications, DelDOT will announce the location, date, and time for a public workshop on the proposed revisions.
