PROPOSED

PUBLIC NOTICE

4400 Delaware Manufactured Home Installation Board

Pursuant to 24 **Del.C.** §4416(b)(1), the Manufactured Home Installation Board has proposed revisions to its rules and regulations.

A public hearing will be held on November 22, 2010 at 9:15 a.m. in the second floor conference room B of the Cannon Building, 861 Silver Lake Boulevard, Dover, Delaware, where members of the public can offer comments. Anyone wishing to receive a copy of the proposed rules and regulations may obtain a copy from the Manufactured Home Installation Board, 861 Silver Lake Boulevard, Dover, Delaware 19904. Persons wishing to submit written comments may forward these to the Board at the above address. The final date to receive written comments will be at the public hearing.

The Board has proposed revisions to Rule 9.0. The Board's licensing law, Chapter 44 of Title 24 of the Delaware Code, provides that all manufactured home installations must be performed in compliance with the requirements of the United States Department of Housing and Urban Development ("HUD"). See 24 **Del.C.** §4421(b). The revisions to Rule 9.0 expressly incorporate HUD's installation requirements. In particular, the rules reference specific sections of the Code of Federal Regulations. These amendments will make explicit what is already included in the Board's licensing law and will, therefore, provide greater clarity and greater protection for the public.

The Board will consider promulgating the proposed rules and regulations at its regularly scheduled meeting following the public hearing.

It is the responsibility of the licensee to file a renewal application with the Board. The failure of the Board to notify a licensee or certificate holder of the expiration date does not

in any way relieve the licensee of the requirements of filing a renewal application with the Board. License and certificate renewal may be accomplished online at the Division of Professional Regulation's website.

Extra continuing education hours do not carry over to the next licensing or certification period. An inactive license or certificate may be renewed for two years by application to the Division upon proof of 10 hours of continuing education in the past two years.
- 7.3 An inactive license may be reactivated by the Board upon written request on a form designated by the Board, proof of insurance and bond, proof that the licensee has completed the requisite continuing education, and payment of a prorated fee to be computed by the Division of Professional Regulation.
- 7.4 An inactive certificate may be reactivated by the Board upon written request on a form designated by the Board, proof of completion of the requisite continuing education, and payment of a prorated fee to be computed by the Division of Professional Regulation.

- 8.3.3 Course providers, licensees and certificate holders seeking pre-approval should submit the request a sufficient amount of time in advance of the CE course to permit the Board to consider the request at a regularly-scheduled Board meeting.
- 8.4 Proof of continuing education is satisfied with an attestation by the licensee that he or she has satisfied the requirements of Rule 8.0.
 - 8.4.1 Attestation may be completed electronically if the renewal is accomplished online. Alternatively, licensees and certificate holders may submit the attestation in paper form on forms approved by the Board.
 - 8.4.2 Licensees and certificate holders selected for random audit will be required to supplement the attestation with attendance verification pursuant to Rule 8.5.

 - 8.5.2 Licensees selected for random audit are required to submit verification within twenty (20) days of receipt of notification of selection for audit.
 - 8.5.3 The Board shall review all documentation submitted by licensees pursuant to the CE audit. If the Board determines that the licensee has met the CE requirements, his or her license shall remain in effect. If the Board determines that the licensee has not met the CE requirements, the licensee shall be notified and a hearing may be held pursuant to the Administrative Procedures Act. The hearing will be conducted to determine if there are any extenuating circumstances justifying the noncompliance with the CE requirements. Unjustified noncompliance with the CE requirements set forth in these rules and regulations shall constitute a violation of 24 **Del.C.** §4441(a) and the licensee may be subject to one or more of the disciplinary sanctions set forth in 24 **Del.C.** §4441.

- 15.8 The participating Board's president, his/her designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional at any time during the Voluntary Treatment Option, restrict the practice of a chemically dependent or impaired professional if such action is deemed necessary to protect the public health, welfare or safety.
