FINAL

ORDER

500 Board of Podiatry

Pursuant to 29 **Del.C.** §10113(b)(5) and 24 **Del.C.** §506(a)(1), the Delaware Board of Podiatry issues this Order adopting the below amendments to the Board's regulations. Specifically, pursuant to 29 **Del.C.** §10113(b)(5), Regulations 2.5 through 2.5.7.3 must be deleted and Regulation 4.2.3 must be amended to make the Board's regulations consistent with newly adopted statutory changes in Title 24, Chapter 5 of the Delaware Code. These changes do not otherwise alter the substance of the regulations.

SUMMARY OF THE EVIDENCE

1. Rules 2.5 through 2.5.7.3 specifically describe the now obsolete Delaware podiatric preceptorship program as follows:
 - 2.5 Preceptorship Program.
 - 2.5.1 Pursuant to 24 **Del.C.** §508(a)(2), each and every applicant for licensure by examination who has not satisfactorily completed an APMA approved hospital residency program shall complete a one year preceptorship, during which time the applicant's clinical abilities and skills shall be under the observation and supervision of a preceptor, who shall be a Delaware licensed podiatrist, who has received the prior written approval of the Board to supervise the preceptorship of one or more candidates for licensure.
 - 2.5.2 Preceptorships shall run for twelve (12) months.
 - 2.5.3 A candidate for the preceptorship program shall submit his or her curriculum vitae, certified transcripts from podiatric medical school(s) showing confirmation of "Doctor of Podiatric Medicine" degree, and evidence of passing scores on National Board Examinations Part I and Part II, before the Board may approve his or her admission to the preceptorship program.
 - 2.5.4 The Board shall, by letter, notify each applicant who has submitted all required documentation of his or her admission to the preceptorship program.
 - 2.5.5 Following receipt by an applicant of notice of his or her admission to the preceptorship program, it shall be the responsibility of the applicant to apply to a licensed practitioner for a twelve (12) month preceptorship with that practitioner. It shall be the responsibility of the Board, in connection with the above-described preceptorship requirements to approve and certify all preceptors; and approve and certify all preceptorship programs and evaluations.
 - 2.5.6 The preceptor shall provide professional liability (malpractice) coverage for candidates for whom they are the preceptor at all times during the preceptorship.
 - 2.5.7 During the course of each twelve (12) month preceptorship, each candidate shall be evaluated by the preceptor (primary clinical observer) for whom he or she is working. The preceptorship shall pattern itself after and ensure exposure to all areas covered by the CPME standards for Rotating Podiatric Residency (RPR) Sections 21.0 through 21.6, and the candidate shall be evaluated in those areas.

Each candidate shall be evaluated during the twelve (12) month preceptorship by one other licensed practitioner (secondary clinical observer) approved by the Board in the following areas: podiatric medicine, physical examination and the basic application of podiatric principles. The primary observer shall submit his observations in the form of a letter addressed to the Board. The primary observer shall report to the Board every three (3) months. The letter shall include an evaluation covering the prescribed subjects above. The secondary observer shall submit a similar appropriate report by letter to the Board, accompanied by evaluations covering the prescribed subjects.
 - 2.5.7.1 In the event that the primary observer has been unable to expose the candidate to any required category of evaluation, he or she shall advise the secondary observer of this fact, and shall include the fact in his quarterly report to the Board.

- 2.5.7.2 In the event that a preceptorship candidate receives a negative or deficient evaluation from his or her preceptor, in two or less of the above-described categories of evaluation, the Board shall allow the applicant to correct the deficiency or deficiencies by attendance at and completion of a course or program in each said deficient area. Said program or course shall have prior written approval by the Board. Upon successful completion of all such approved programs, the Board shall forthwith issue to the candidate a letter indicating that he or she may proceed with his preceptorship program.
- 2.5.7.3 In the event that a preceptorship candidate receives a negative or deficient evaluation from his or her preceptor, in more than two of the above-described categories of evaluation, the candidate may request another Delaware licensed podiatrist to independently evaluate the candidate's competency in those areas and report to the Board. The Board will review all evaluations and make a determination as to the status of the preceptorship.
2. The Board now deletes all of the above regulations as the preceptorship has been statutorily eliminated.
3. In addition, Rule 4.2.3 now states:
Satisfactory completion of a hospital residency program approved by the American Podiatric Medical Association (APMA), or completion of an approved preceptorship program in the office of a podiatrist, licensed in the state in which the applicant is licensed or certified, for a period of one year.
4. The Board makes the following change to this regulation (removals are stricken through):
Satisfactory completion of a hospital residency program approved by the American Podiatric Medical Association (APMA), ~~or completion of an approved preceptorship program in the office of a podiatrist, licensed in the state in which the applicant is licensed or certified, for a period of one year.~~
5. The effective date of this Order will be ten (10) days from the publication of this Order in the *Register of Regulations* on November 1, 2015.

4.0 Reciprocity

- 4.1 In addition to other requirements for licensure by reciprocity set forth in 24 **Del.C.** §510, the Board may only approve licensure by reciprocity where said applicants are currently licensed in other state(s) whose requirements for registration or certification are substantially similar to those of the State of Delaware, or as set forth in Rules 4.3 and 4.4, below. 5.1.3 Residents employed by accredited hospitals who have been granted In-Training licenses shall be specifically limited to the practice of medicine within the hospital where they are employed, except for any medical duties which may be assigned as part of the residency program as long as those outside duties are performed under the supervision of a fully licensed podiatric physician.

5.1.4 An In-Training license is required for all podiatric physicians who will spend 45 or more consecutive days in a Delaware institution as part of a rotation for an out-of-state residency program.

5.1.5 The licensee and the employer hospital shall notify the board not later than three (3) days after the licensee's completion of or withdrawal from the residency program.

5.1.6 Valid In-Training licenses may be renewed by the licensee by paying the renewal fee set by the Division of Professional Regulation.

5.2 Lapse/Renewal

5.2.1 A licensee whose license lapses for non-renewal may renew within one year by paying the late fee required by 24 Del.C. §511 and having completed all continuing education required for renewal. Late renewals shall be audited for satisfactory completion of the continuing education requirement.

6.0 Continuing Education

6.1 "Continuing medical education (CME)," as that term is herein applied by the Board, includes any and all continuing education requirements, as herein below provided, which must be satisfied biennially by all licensed practitioners as a condition for licensure renewal. Each licensed practitioner shall complete, on or before June 30 of even numbered years at least 32 hours of continuing education as a condition of license renewal.

6.2 Each practitioner shall be exempt from the continuing education requirement in the first biennial licensing period, or any portion thereof, in which he is licensed to practice in Delaware. During the renewal process, a practitioner shall attest to his satisfactory completion of the continuing education requirements for the previous two (2) years. Attestation may be completed electronically if the renewal is accomplished online. In the alternative, paper renewal documents that contain the attestation of completion may be submitted. Each licensee must maintain a Podiatry CME log, on a form to be supplied by the Board, indicating the date, title, sponsor, and number of hours the licensee attended, for each continuing education program submitted for credit. Random audits will be performed by the Board to ensure compliance with the continuing education requirement. Licensees selected for the random audit shall submit validated documents which evidence satisfactory completion of the continuing education requirements for the previous two (2) years. The Board reserves the right to request additional documentation, such as copies of program materials, to verify CME compliance in the course of a random audit.

6.3 Only approved courses will be counted toward the 32 hour biennial continuing education requirement. A practitioner may gain approval of any course or program by written application to the Board, stating the title, sponsor and summary of course content. The Board may act upon all such requests at the next regularly scheduled meeting, may act upon such requests at any intervening special meeting convened to consider other issues, or may delegate to any member of the Board the authority to approve continuing education

courses on behalf of the Board. Any practitioner who attends and/or completes a course which has not yet been approved by the Board does so at his own risk that the Board may not approve the said course nor allow it to be counted toward completion of the annual requirement of 32 hours of continuing education.

- 6.4 Content. The overriding consideration in determining if a specific program qualifies for continuing education is that it be a formal program of learning which contributes directly to the professional competence of the licensee. No credit shall be given for business or practice seminars.
 - 6.4.1 Computer, television or video based courses and other independent study courses may be submitted to the Board for approval, however no such course will be approved for credit unless it includes successful completion of a final examination or paper.
 - 6.4.2 The following programs will be deemed to qualify for continuing education without prior Board approval:
 - 6.4.2.1 Any program approved by the American Podiatric Medical Association (APMA), and approved affiliates.
 - 6.4.2.2 Any seminar sponsored by the Delaware Podiatric Medical Association (DMPA).
 - 6.4.2.3 Any podiatric program sponsored by a hospital or clinic as part of a CPME approved residency program.
- 6.5 Hardship. The Board has the authority to make exceptions to the continuing education requirements upon written request of the licensee and a showing of good cause. "Good cause" may include, but is not limited to, disability, illness, military service, foreign residency, and retirement. Upon application, the Board shall set the time in which the licensee must complete the continuing education requirement. No extension shall be granted for more than 120 days after the end of the licensing period.
- 6.6 Self-directed activity
 - 6.6.1 The Board may, upon request, review and approve credit for self-directed activities, including research, preparation and/or presentation of professional papers and articles, to a maximum of eight (8) hours per biennial licensing period. A licensee must obtain pre-approval of the Board prior to undertaking the self-directed activity in order to assure continuing education credit for the activity. Any self-directed activity submitted for approval must include a written proposal outlining the scope of the activity, the number of continuing education hours requested, the anticipated completion date(s), the role of the licensee in the case of multiple participants (e.g. research) and whether any part of the self-directed activity has ever been previously approved or submitted for credit by the same licensee.
 - 6.6.2 The Board may award up to a maximum of eight (8) continuing education hours for the first-time preparation and presentation of an approved podiatric clinical course, in-service training, workshop, or seminar. A copy of the course syllabus and verification that the course was presented is required for Board approval.

8.0 Voluntary Treatment Option for Chemically Dependent or Impaired Professionals

- 8.1 If the report is received by the chairperson of the regulatory Board, that chairperson shall immediately notify the Director of Professional Regulation or his/her designate of the report. If the Director of Professional Regulation receives the report, he/she shall immediately notify the chairperson of the regulatory Board, or that chairperson's designate or designates.
- 8.2 The chairperson of the regulatory Board or that chairperson's designate or designates shall, within 7 days of receipt of the report, contact the individual in question and inform him/her in writing of the report, provide the individual written information describing the Voluntary Treatment Option, and give him/her the opportunity to enter the Voluntary Treatment Option.
- 8.3 In order for the individual to participate in the Voluntary Treatment Option, he/she shall agree to submit to a voluntary drug and alcohol screening and evaluation at a specified laboratory or health care facility. This initial evaluation and screen shall take place within 30 days following notification to the professional by the participating Board chairperson or that chairperson's designate(s).
- 8.4 A regulated professional with chemical dependency or impairment due to addiction to drugs or alcohol may enter into the Voluntary Treatment Option and continue to practice, subject to any limitations on practice the participating Board chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional, deem necessary, only if such action will not endanger the public health, welfare or safety, and the regulated professional enters into an agreement with the Director of Professional Regulation or his/her designate and the chairperson of the participating Board or that chairperson's designate for a treatment plan and progresses satisfactorily in such treatment program and complies with all terms of that agreement. Treatment programs may be operated by professional Committees and Associations or other similar professional groups with the approval of the Director of Professional Regulation and the chairperson of the participating Board.
- 8.5 Failure to cooperate fully with the participating Board chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate in regard to the Voluntary Treatment Option or to comply with their requests for evaluations and screens may disqualify the regulated

professional from the provisions of the Voluntary Treatment Option, and the participating Board chairperson or that chairperson's designate or designates shall cause to be activated an immediate investigation and institution of disciplinary proceedings, if appropriate, as outlined in subsection 8.8 of this section.

- 8.6 The Voluntary Treatment Option may require a regulated professional to enter into an agreement which includes, but is not limited to, the following provisions:
- 8.6.1 Entry of the regulated professional into a treatment program approved by the participating Board. Board approval shall not require that the regulated professional be identified to the Board. Treatment and evaluation functions must be performed by separate agencies to assure an unbiased assessment of the regulated professional's progress.
 - 8.6.2 Consent to the treating professional of the approved treatment program to report on the progress of the regulated professional to the chairperson of the participating Board or to that chairperson's designate or designates or to the Director of the Division of Professional Regulation or his/her designate at such intervals as required by the chairperson of the participating Board or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate, and such person making such report will not be liable when such reports are made in good faith and without malice.
 - 8.6.3 Consent of the regulated professional, in accordance with applicable law, to the release of any treatment information from anyone within the approved treatment program.
 - 8.6.4 Agreement by the regulated professional to be personally responsible for all costs and charges associated with the Voluntary Treatment Option and treatment program(s). In addition, the Division of Professional Regulation may assess a fee to be paid by the regulated professional to cover administrative costs associated with the Voluntary Treatment Option. The amount of the fee imposed under this subparagraph shall approximate and reasonably reflect the costs necessary to defray the expenses of the participating Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its services on behalf of the Board in addition to the administrative costs associated with the Voluntary Treatment Option.
 - 8.6.5 Agreement by the regulated professional that failure to satisfactorily progress in such treatment program shall be reported to the participating Board's chairperson or his/her designate or designates or to the Director of the Division of Professional Regulation or his/her designate by the treating professional who shall be immune from any liability for such reporting made in good faith and without malice.
 - 8.6.6 Compliance by the regulated professional with any terms or restrictions placed on professional practice as outlined in the agreement under the Voluntary Treatment Option.
- 8.7 The regulated professional's records of participation in the Voluntary Treatment Option will not reflect disciplinary action and shall not be considered public records open to public inspection. However, the participating Board may consider such records in setting a disciplinary sanction in any future matter in which the regulated professional's chemical dependency or impairment is an issue.
- 8.8 The participating Board's chairperson, his/her designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional at any time during the Voluntary Treatment Option, restrict the practice of a chemically dependent or impaired professional if such action is deemed necessary to protect the public health, welfare or safety.
- 8.9 If practice is restricted, the regulated professional may apply for unrestricted licensure upon completion of the program.
- 8.10 Failure to enter into such agreement or to comply with the terms and make satisfactory progress in the treatment program shall disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Board shall be notified and cause to be activated an immediate investigation and disciplinary proceedings as appropriate.
