

# DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENTAL CONTROL

## DIVISION OF AIR AND WASTE MANAGEMENT

Statutory Authority: 7 Delaware Code, Chapter 60, (7 Del.C. Ch. 60)

### FINAL

#### 1106 Particulate Emissions From Construction and Materials Handling

#### ~~Regulation No. 6~~ 1106 Particulate Emissions From Construction and Materials Handling

02/01/1981

#### ~~Section 1~~

##### 1.0 General Provisions

- 1.1 The purpose of this regulation is to control particulate emissions from construction and materials handling operations to a limit so as not to cause a condition of air pollution.

02/01/1981

#### ~~Section 2~~

##### 2.0 Demolition

- 2.1 No person shall cause or allow the demolition of existing structures, buildings, or parts of buildings, in New Castle County or in incorporated areas of Kent County and Sussex County ~~Counties~~ unless methods are employed to control dust emissions.
- 2.2 Such methods may include the application of water or the use of other techniques approved by the Department
- 2.3 The restriction in ~~Section 2.1 of this regulation~~ may be extended to unincorporated areas of Kent County and Sussex County ~~Counties~~ in situations where the Department determines that demolition activities could emit dust in quantities sufficient to cause air pollution.

02/01/1981

#### ~~Section 3~~

##### 3.0 Grading, Land Clearing, Excavation and Use of Non-Paved Roads

- 3.1 No person shall cause or allow land clearing, land grading (including grading for roads), excavation, or the use of non-paved roads on private property unless methods, as indicated in ~~Section 2.2 of this regulation~~, are employed to control dust emissions, when the Department determines that such activities could emit dust in quantities sufficient to cause air pollution.

02/01/1981

#### ~~Section 4~~

##### 4.0 Material Movement

- 4.1 No person shall cause or allow visible particulate emissions of any material being transported by a motor vehicle.

02/01/1981

#### ~~Section 5~~

##### 5.0 Sandblasting

- 5.4 No person shall cause or allow sandblasting or related abrasion operations unless sufficient contaminant measures are taken to prevent the sand and/or abrasive material from traveling beyond the property line where the operation is being conducted.

02/01/1981

~~Section 6~~

**6.0 Material Storage**

- 6.4 No person shall cause or allow stockpiling or other storage of material or transport to or from a storage facility in such a manner as may cause a condition of air pollution.

**12 DE Reg. 347 (09/01/08) (Final)**
