SUMMARY OF PROPOSAL

The proposed provides notice to the public that the Division of Medicaid and Medical Assistance (DMMA) intends to amend the Title XIX Medicaid State Plan regarding *election of hospice services for children under age 21 years*.

Statutory Authority

- Patient Protection and Affordable Care Act (Pub. L. No. 111-148 as amended by the Health Care and Education Reconciliation Act of 2010 (Pub. L. No. 111-152)), together known as the Affordable Care Act
- 1905(o)(1) of the Social Security Act, *Hospice care*
- 2110(a)(23) of the Social Security Act, *Hospice Care*

Background

Specifically, this regulatory action provides for the mandatory implementation of section 2302 of the Affordable Care Act, entitled "Concurrent Care for Children." Section 2302 of the law amends sections 1905(o)(1) and 2110(a)(23) of the Social Security Act to remove the prohibition of receiving curative treatment upon the election of the hospice benefit by or on behalf of a Medicaid or Children's Health Insurance Program (CHIP) eligible child.

Hospice services are covered under the Medicaid and CHIP programs as an optional benefit. However, the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) provision requires Medicaid and CHIP programs operating as Medicaid expansions to provide all medically necessary services, including hospice services, to children under age 21. In order to qualify for the hospice service in either Medicaid or CHIP, a physician must certify that the eligible person is within the last 6 months of life.

The Affordable Care Act does not change the criteria for receiving hospice services; however, prior to enactment of the new law, curative treatment of the terminal illness ceased upon election of the hospice benefit. This new provision requires States to make hospice services available to children eligible for Medicaid and children eligible for Medicaid-expansion CHIP programs without forgoing any other service to which the child is entitled under Medicaid for treatment of the terminal condition. These services and supports may include pain and symptom management and family counseling provided by specially-trained hospice staff. Implementation of this new provision is vitally important for children and their families seeking a blended package of curative and palliative services.

States are required to comply with these requirements in advance of amending their state plans.

This provision was effective upon enactment of the Affordable Care Act on March 23, 2010 and is subject to approval by the Centers for Medicare and Medicaid Services (CMS).

Summary of Proposal

While the State already covers this service, the State plan is amended in accordance with the provisions of Section 2302 of the Affordable Care Act. This provision allows hospice care to be available to recipients under age 21 without forgoing any other medically necessary curative services to which the child is entitled under Medicaid or the Delaware Healthy Children Program. Attachment 3.1-A is amended by establishing hospice care for children concurrent with curative

treatment of the child's terminal illness.

The Affordable Care Act (ACA) does not change the eligibility criteria for receiving hospice care. The ACA only removes the prohibition of receiving curative treatment upon the election of the hospice benefit.

Please note that States, like Delaware that currently cover hospice services in its CHIP program do not need to submit a State Plan amendment (SPA) to modify the hospice definition, but States are expected to implement these services in compliance with the Affordable Care Act. Hospice policy of the Delaware Healthy Children Program will remain consistent with Medicaid hospice policy.

The provisions of this state plan amendment are subject to approval by the Centers for Medicare and Medicaid Services (CMS).

Fiscal Impact

The proposed amendment imposes no increase in costs on the General Fund.
