The action concerning the determination of whether to adopt the proposed regulation will be based upon the results of Department and Division staff analysis and the consideration of the comments and written materials filed by other interested persons.

**SUMMARY OF PROPOSAL**

The proposed amends the Delaware Title XIX Medicaid State Plan to reflect the addition of *freestanding birth center services* as a mandatory Medicaid benefit, in compliance with the Patient Protection and Affordable Care Act (PPACA), P.L. 111-148.

**Statutory Authority**

- Patient Protection and Affordable Care Act (PPACA), P.L. 111-148, enacted on March 23, 2010
- 1905(a)(28) of the Social Security Act,
- Freestanding Birth Center Services

**Background**

The Patient Protection and Affordable Care Act, Section 2301, added freestanding birth center services to section 1905(a) of the Social Security Act as a mandatory Medicaid state plan service, effective March 23, 2010. This provision ensures Medicaid coverage of care provided in freestanding birth centers. Section 2301 requires States that recognize freestanding birth centers to provide coverage and separate payments for freestanding birth center facility services and services rendered by certain professionals providing services in a freestanding birth center, to the extent the State licenses or otherwise recognizes such providers under State law.

States will need to submit amendments to their Medicaid State plans that specify coverage and separate reimbursement of freestanding birth center facility services and professional services in order to comply with this provision.

**Summary of Proposal**

While the State already covers this service, this state plan amendment (SPA) establishes services provided by birthing centers as a Medicaid state plan services and modifies reimbursement methodology to allow birthing centers and providers furnishing services in birthing centers to receive payment as mandated under the Patient Protection and Affordable Care Act. Attachment 3.1-A and Attachment 4.19-B are amended by identifying birthing centers as eligible Medicaid providers and providing for direct Medicaid payments for birthing center services.

**Fiscal Impact Statement**

The proposed amendment imposes no increase in costs on the General Fund.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State/Territory: Delaware

LIMITATIONS ON AMOUNT, DURATION, AND SCOPE OF MEDICAL AND  
REMDIAL CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

25. Licensed or Otherwise State-Approved Freestanding Birth Center Services
- (a) Subject to the specifications, conditions, limitations, and requirements established by the single state agency or its designee, birth center facility services, under this State Plan, are limited to birth centers licensed by the State of Delaware and in compliance with regulations found in the Delaware Administrative Code or other legally authorized licensing authority under applicable state laws.
- (b) Birth center facility services are those services determined by the attending physician (MD or DO) or certified nurse-midwife (CNM) or licensed midwife to be reasonable and necessary for the care of the mother and newborn child following the mother's pregnancy. The center and attending physician or CNM must be licensed at the time and place the services are provided. Reimbursable services are limited to services provided by the birthing center during the labor, delivery, and postpartum periods.
- (c) Services provided by a physician or CNM or licensed midwife are not considered to be birth center services by the Delaware Medical Assistance Program.
- (d) For services other than birth center facility services, other applicable provisions of the Title XIX State Plan and the Delaware Medical Assistance Program will apply.

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES –  
FREESTANDING BIRTH CENTER SERVICES

Medicaid providers of freestanding birth center services are reimbursed as follows:

Reimbursement of freestanding birthing centers is based on a fee-for-service basis. The payment for freestanding birthing center services is limited to the lower of the billed or allowed amount. Established procedure code and revenue code rates govern the birthing center payments. The Medicaid procedure codes are set at a percentage of the Medicare rates for HCPC and CPT codes and a percentage of Medicare rates for lab and x-ray codes. The HCPC and CPT code fee schedules are available on the Delaware Medical Assistance Program (DMAP) website, at: <http://www.dmap.state.de.us/home/index.html>.

The revenue code rates were established by Medicaid. Except as noted in the State Plan, state-developed fee schedule rates are the same for both governmental and private individual practitioners and the fee schedule and any annual/periodic adjustments to the fee schedule are published on the Delaware DMAP website. The agency's fee schedule rate was set as of March 1, 2011, and is effective for services provided on or after that date. All rates are published on the Delaware DMAP website, located at: <http://www.dmap.state.de.us/home/index.html>.

The revenue codes used for the reimbursement of freestanding birthing center services will be indexed forward on an annual basis (Medicare HCPC cycle) using the Medicare outpatient hospital market basket update.
