2.0 Continuing Education (CE) Requirements

- 2.1 Completion of the required continuing education (CE) hours is a prerequisite for renewing a license. Licensees shall complete 24 hours of approved CE during each biennial licensing period, except as otherwise provided in these regulations for new licensees.
- 2.1.1 The deadline for completion of all required CE hours is the license renewal deadline, unless extended or waived pursuant to regulation 2.3. CE hours must be completed and approved by the Board before applying for renewal.
- 2.1.2 CE hours must be completed within the biennial licensure period for which they are being applied. Only six CE hours can be carried over into a subsequent licensure period.
- 2.1.3 The same course shall not count more than once during a single licensing period. For courses completed multiple times in one licensing period, credit shall only be given for the first course completion.
- 2.1.4 Licensees shall retain their CE course attendance documentation for at least two years after the renewal deadline.
- 2.1.5 At least 3 of the credit hours required for renewal must contain ethics, recordkeeping, or risk management.
- 2.1.6 The required CE can be taken online or by home study which includes video- or tele-conference, so long as the teaching is live, and the interaction between the instructor and the licensee is interactive and synchronous. Asynchronous education including video replay or on-line courses are limited to 6 hours per renewal period.
- 2.1.7 Only courses co-sponsored by accredited Chiropractic colleges, national or states organizations are presumptively approved so long as the course relates to the field of Chiropractic. Excepted from this presumptive approval are courses in practice management subjects.
- 2.1.8 The subject matter of all Continuing Education must contribute directly to the competency of a person licensed to practice as a Chiropractor. The activity must have a significant intellectual or practical content and deal with chiropractic techniques, issues or ethical standards relevant to the practice of chiropractic.

2.2 New Licensee Exception:

2.2.1 At the time of the initial license renewal, some individuals will have been licensed for less than two (2) years. For these individuals only, the continuing education hours will be pro-rated based on when the license was issued.

2.2.1.1 If the new license was issued during the first year of the renewal period, July 1 - December 31 of the even year, the licensee must complete 24 CE hours.

2.2.1.2 If the new license was issued during the first year of the renewal period, January 1 - June 30 of the odd year, the licensee must complete 18 CE hours.

2.2.1.3 If the new license was issued during the second year of the renewal period, July 1 - December 31 of the odd year, the licensee must complete 12 CE hours.

2.2.1.4 If the new license was issued during the second year of the renewal period, January 1 - June 30 of the even year, the licensee must complete 0 CE hours.

2.3 Hardship. For good cause, the Board may grant extensions of the CE deadline or may grant waivers of the CE requirements. **Good cause** includes, but is not limited to disability, serious illness, extended absence from the country, exceptional family responsibilities, or unique personal hardship that is not the result of professional negligence or inadvertence. Requests for hardship extensions or waivers must be submitted to the Board in writing before the end of the licensing period for which the request is sought.

2.4 Board approval for Continuing Education (CE) Courses

2.4.1 CE courses that are presented by a Chiropractic college accredited by the Council on Chiropractic Education (CCE) and are related to the practice of Chiropractic are approved, except courses on practice management or law other than Delaware law. These colleges and organizations do not have to submit Continuing Education Approval forms. It is the provider's responsibility to post and advertise their CE courses available.

2.4.2 In order for licensees to receive credit for CE courses not sponsored by a Chiropractic college accredited by the CCE or presented by any other national or state Chiropractic organization, the course must be approved by the Board before the deadline for submission of a licensee's renewal application.

2.4.2.1 CE course participants and providers may apply for pre-approval of courses by submitting a written request for approval that must include a program agenda, a syllabus indicating the time spent on each topic, the names and resumes of the presenters, and the number of CE hours requested. The Board may approve less than the number of hours requested.

2.5 Board approval of a licensee's CE hours in a specialty area is not a Board endorsement of the licensee's competence to practice that specialty.

3.0 Renewal Requirements

3.1 The biennial licenses granted by the Board shall automatically terminate on June 30th of each even numbered year or on such other date as is specified by the Division of Professional Regulation. It is the responsibility of the licensee to file a renewal application with the Board. The failure of the Board to notify a licensee of his/her expiration date does not in any way relieve the licensee of the requirements of filing a renewal application with the Board. A licensee who fails to renew a license before the expiration date may renew on a late basis for a period not to exceed sixty days; however, it is illegal to practice Chiropractic in the State of Delaware beyond the expiration date. Licensees who do not renew their license within sixty days of the expiration date must reapply under the licensure requirements of a new licensee and have 24 credits of continued education from the previous licensing period.

3.2 Verification of CE hours shall be by attestation. Attestation shall be completed electronically ~~if the renewal is accomplished online. Alternatively, the attestation of completion may be submitted by paper renewal forms. Requests for paper renewal forms must be directed to the Division.~~

3.3 Post-Renewal Audit. The Board will conduct random audits of renewal applications to ensure the veracity of attestations and compliance with the renewal requirements. Licensees selected for the random audit shall submit CE course attendance verification in the form of a certificate of attendance or completion that must be signed by the course presenter or by a designated official of the sponsoring organization. Licensees found to be deficient or found to have falsely attested may be subject to disciplinary proceedings and may have their license suspended or revoked. All licensees renewing during the late renewal period shall be audited.

Except in an emergency situation where as much notice as is reasonably possible shall be given, the notice by publication shall be made at least ninety (90) days prior to termination of the practice or leaving the State and must be published at least 3 times over this ninety (90) day period and must explain how a patient can procure his or her patient records. All patients who have not requested their records thirty (30) days prior to the termination of the licensee's practice or the licensee leaving the State shall be notified by first class mail by the licensee to permit patients to procure their records. Any patient records that have not been procured within 7 years after the licensee terminates his or her practice or leaves the State may be permanently disposed of in a manner that ensures confidentiality of the records.
- 4.2 In order to reactivate an inactive license, the licensee must make a written request to the Board, submit 24 continuing education hours, and pay the renewal fee before the expiration date of the inactive status. If the written request to become active is not received before the expiration date, the licensee will have to reapply and meet the requirements of a new applicant regardless of the way they were originally licensed.

Alternatively, if the patient and new Chiropractor agree, the Chiropractor may forward to the new Chiropractor a summary of the patient's records in lieu of the entire record at no charge to the patient. If a patient changes care from one Chiropractor to another Chiropractor, and fails to notify the previous Chiropractor or leaves the care of the previous Chiropractor for a period of 7 years from the date of the last treatment and fails to notify the previous Chiropractor, or fails to request the transfer of records to the new Chiropractor, then the previous Chiropractor shall maintain said records for a period of 7 years from the date of last treatment, after which time the records may be permanently disposed of in a manner that ensures confidentiality of the records.
