5.0 Levels of Performance

5.1 There shall be four levels of student performance relative to the Content Standards on the State’s General and Alternate Assessments administered to students in grades 3 through 8 and 11 in English Language Arts/Literacy and mathematics; to students in grades 5, 8, and 10 in science; and to students in grades 4 and 7 in Social Studies, and high school students taking U.S. History (EOC). The cut points for Performance Levels 1 through 4 shall be determined by the Department with the consent of the State Board of Education, using advice from a standard setting body. The standard setting body shall utilize a proven method for setting standards on test instruments that utilizes student assessment data in making the recommendation. Said levels are defined and shall be determined as follows:

5.2 Performance Level 4: A student's performance in the tested domain goes well beyond the fundamental skills and knowledge required for students to be at adequate understanding. Students in this category show mastery and thorough understanding of the Delaware Content Standards beyond what is expected at the grade level. The cut points for Performance Level 4 shall be determined by the Department, with the consent of the State Board of Education.

6.2.1 Any such submission must include a demonstration of how an indicator of student performance aligns with and measures state content standards and the level of performance required to demonstrate performance equivalent to meeting state content standards.

6.2.2 Any proposed indicators of student performance must be approved by the Department of Education following consultation with the State Board of Education.

6.3 An academic review committee composed of educators in the student’s local school district or charter school may then determine if a student has demonstrated proficient performance relative to the state content standards using evidence from the other indicators of student performance as approved by the Department.

6.3.1 The academic review committee shall be composed of two classroom teachers from the student’s tested grade, one classroom teacher from the grade to which the student may be promoted, one school counselor or other student support staff member and two school building administrators.

The IIP shall be placed in a student’s cumulative file and shall be updated based on the results of further assessments. Such assessments may include further DCAS results as well as local assessments, classroom observations or inventories. For students with an Individualized Education Program (IEP), the IEP shall serve as the Individual Improvement Plan (IIP).

7.5 Disputes initiated by a student’s parent or legal guardian or Relative Caregiver concerning the student’s IIP shall be decided by the academic review committee. Any dispute concerning the content of a student’s IEP is subject to resolution in conformity with 14 DE Admin. Code 900.

8.0 Summer School Programs for Students in Grades 3, 5, and 8 as required pursuant to 14 Del.C. §153 (Suspended pursuant to the annual appropriations bills beginning in FY08)

8.1 Summer school programs shall be provided by the student’s district of residence with the following exceptions:
8.1.1 Where a student attends another district as a result of school choice or attends a charter school, the district of choice or charter school shall provide the summer school program.

8.1.2 Where by mutual agreement of both districts or a charter school and the student’s parent, guardian or Relative Caregiver, another district provides services.

8.1.3 Where by mutual agreement of the student’s school district or a charter school and the student’s parent, guardian or Relative Caregiver, the parent, guardian or Relative Caregiver arranges for summer school instruction to be provided outside the public school system. Under such conditions the parent, guardian or Relative Caregiver shall be responsible for the cost of providing nonpublic school instruction unless the districts or the charter school and parents or guardian agree otherwise. Requirements for secondary testing shall be met.
