The Professional Licensing Section may waive the 40-hour training requirement depending upon the applicant's professional credentials, training, or work experience (i.e. prior law enforcement). If waived, they must show proficiency and qualify a day and low light shoot with an approved firearms instructor. The initial qualification course shall be used to fulfill 1 day and 1 low light requirement during the first year; however an additional day shoot must be completed at least 60 days after the date of initial certification, within the calendar year. Should the initial qualification course occur after October 31 and before December 31, a waiver of the second day qualifier may be obtained through a petition to the Director.

Of these 3, there will be 1 mandatory "low light" shoot which may be combined with a day shoot. Two day shoots shall not be completed on the same date. These qualifying shoots will be administered by an approved firearms instructor.
- 5.3.1 An individual not meeting the minimum qualifications set forth in subsection 5.3 may have the individual's firearms license suspended until such time that they meet the minimum 3 qualifying shoots within the calendar year.
- 5.3.2 Professional Licensing may approve a temporary waiver of this requirement, at its discretion, for an individual not meeting the minimum 3 qualifying shoots within the calendar year due to military service, leaves of absence covered under the Family Medical Leave Act (FMLA), or other leaves of absence approved by the entity. Upon return from such leave, the individual must complete 1 day and 1 low light shoot in order to be authorized to work in an armed capacity. - 5.11 If an individual requests to carry a different approved weapon, while in the performance of the individual's duties as a constable, other than the 1 on file with the Professional Licensing Section, prior to making any change, the licensee must first seek approval from the Director of Professional Licensing by submitting a request in writing of the make, model, and caliber of the firearm that the individual or organization is seeking to change to. If approved, the individual must submit certification of a day and low light qualification with the new weapon. Once completed, the individual can begin to carry the new weapon and the prior qualification of the previous weapon will become void. Another day shoot with the new weapon must take place after 60 days, during the same calendar year. Should the day and low light qualification with the new weapon occur after October 31, a waiver of the second day qualifier may be obtained through a petition to the Board.
