DIVISION OF PROFESSIONAL REGULATION
Board of Electrical Examiners

Statutory Authority: 24 Delaware Code, Section 1406(a)(1) (24 Del.C. §1406(a)(1))
24 DE Admin. Code 1400

FINAL

ORDER

1400 Board of Electrical Examiners

On July 1, 2022 the Delaware Board of Electrical Examiners published proposed changes to its regulations in the *Delaware Register of Regulations*, Volume 26, Issue 1. The notice indicated that written comments would be accepted by the Board, a public hearing would be held, and written comments would be accepted for fifteen days thereafter. After due notice in the *Register of Regulations* and two Delaware newspapers, a public hearing was held on September 7, 2022 at a regularly scheduled meeting of the Board of Electrical Examiners to receive verbal comments regarding the Board's proposed amendments to its regulations. The rules pertaining to late renewal for electrical inspection agencies are proposed to be amended.

SUMMARY OF THE EVIDENCE AND INFORMATION SUBMITTED

At the time of the deliberations, the Board considered the following documents:

Board Exhibit 1- Affidavit of publication of the public hearing notice in the *News Journal*; and

Board Exhibit 2- Affidavit of publication of the public hearing notice in the *Delaware State News*.

One verbal comment was presented at the public hearing on September 7, 2022. Neil Donaldson, of Nickel Electrical commented that everybody has to have a license on the commercial side. If this is a one off to allow residential contractors to circumvent having licenses, he disagrees with that. There shouldn't be a one off just to allow guys to work without a license because it's difficult to find licensed electricians now.

No written comments were received by the Board.

FINDINGS OF FACT AND CONCLUSIONS

1. The public was given notice and an opportunity to provide the Board with comments in writing and by testimony at the public hearing on the proposed amendments to the Board's regulations.
2. There were no public comments provided to the Board during the written public comment periods, and the verbal comment presented at the public hearing is summarized above.
3. Pursuant to 24 Del. C. § 1406 (a)(1) the Board has the statutory authority to promulgate rules and regulations clarifying specific statutory sections of its statute.
4. Having received no public comment which convinces the Board otherwise, the Board finds no reason not to amend the regulations as proposed.

DECISION AND ORDER CONCERNING THE REGULATIONS

NOW THEREFORE, pursuant to 24 Del. C. § 1406 (a)(1) and for the reasons set forth above, the Board does hereby ORDER that the regulations be, and that they hereby are, adopted and promulgated as set forth in the *Delaware Register of Regulations* on July 1, 2022. The effective date of this Order is ten days from the date of its publication in the *Delaware Register of Regulations*, pursuant to 29 Del. C. § 10118(g).

The new regulations are attached hereto as Exhibit A.

SO ORDERED this 5th day of October, 2022.

- 3.2 Applicants relying on military training and experience must submit official documentation from the supervising officials showing type and approximate hours of work experience. Other official military documentation that reliably verifies military training and experience may be accepted at the discretion of the Board when supervisory officials are not available or cannot be located.
- 3.3 The requirement of two years of technical training under 24 **Del.C.** §1408 (a)(1)(c) can be met by successful completion of two years of technical training related to electrical technology in a vocational/technical high school or by completion of 48 credit hours in technical training related to electrical technology at an accredited post-secondary school.

A member of the State Board of Electrical Examiners may attend the examination. All scores will be presented to the Board at the first meeting after the examination results are available. A licensee who also works independently from his employer must maintain separate insurance for that risk as provided under these regulations.
- 6.3 Master and Limited Special Elevator Electricians do not need general liability insurance if the licensee's employer has general liability insurance. - 7.4 A licensed electrical inspection agency may renew an expired license within 45 days after the renewal deadline by meeting all requirements and paying a late fee set by the Division.
- 7.5 A licensee with an active license may request in writing to be placed on inactive status. Inactive status can be renewed electronically on a biennial basis by attestation of completing the required CE for licensure. Inactive licenses may be reactivated by the Board upon written request with proof of insurance (as required in accordance with Section 6.0) and payment of the appropriate fee set by the Division.
- 7.6 A licensee is not authorized to work as a licensed electrician in this State during the period of inactive status.
- 7.7 An individual whose license has expired for more than one year must reapply as a new applicant. Any prior training and experience can be used to satisfy the requirements under 24 **Del.C.** §1408(a). - 16.3 In order for the individual to participate in the Voluntary Treatment Option, he/she shall agree to submit to a voluntary drug and alcohol screening and evaluation at a specified laboratory or health care facility. This initial evaluation and screen shall take place within thirty (30) days following notification to the professional by the participating Board president or that president's designate(s).
- 16.4 A regulated professional with chemical dependency or impairment due to addiction to drugs or alcohol may enter into the Voluntary Treatment Option and continue to practice, subject to any limitations on practice the participating Board president or that president's designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the with the treating professional, deem necessary, only if such action will not endanger the public health, welfare or safety, and the regulated professional enters into an agreement with the Director of Professional Regulation or his/her designate and the president of the Board or that president's designate for a treatment plan and progresses satisfactorily in such treatment program and complies with all terms of that agreement. Treatment programs may be operated by professional Committees and Associations or other similar professional groups with the approval of the Director of Professional Regulation and the President of the Board.
- 16.5 Failure to cooperate fully with the Board president or that president's designate or designates or the Director of the Division of Professional Regulation or his/ her designate in regard to the Voluntary Treatment Option or to comply with their requests for evaluations and screens may disqualify the regulated professional from the provisions of the Voluntary Treatment Option and the Board president or that president's designate or designates shall cause to be activated an immediate investigation and institution of disciplinary proceedings, if appropriate, as outlined in 29 **Del.C.** §8807(h).
- 16.6 The Voluntary Treatment Option may require a regulated professional to enter into an agreement which includes, but is not limited to the following provisions:

- 16.7 The regulated professional's records of participation in the Voluntary Treatment Option will not reflect disciplinary action and shall not be considered public records open to public inspection. However, the participating Board may consider such records in setting a disciplinary sanction in any future matter in which the regulated professional's chemical dependency or impairment is an issue.
- 16.8 The Board's president, his/her designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional at any time during the Voluntary Treatment Option, restrict the practice of a chemically dependent or impaired professional if such action is deemed necessary to protect the public health, welfare or safety.
- 16.9 If practice is restricted, the regulated professional may apply for unrestricted licensure upon completion of the program.
- 16.10 Failure to enter into such agreement or to comply with the terms and make satisfactory progress in the treatment program shall disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the Board shall be notified and cause to be activated an immediate investigation and disciplinary proceedings as appropriate.
- 16.11 Any person who reports pursuant to this section in good faith and without malice shall be immune from any civil, criminal or disciplinary liability arising from such reports, and shall have his/her confidentiality protected if the matter is handled in a non-disciplinary matter.
