DIVISION OF FISH AND WILDLIFE
Statutory Authority: 7 Delaware Code, Section 6010 (7 Del.C. §6010)

PROPOSED

REGISTER NOTICE
SAN#2005-01

1. Title Of The Regulations:

Tidal Finfish Regulations

2. Brief Synopsis of the Subject, Substance and Issues:

The coast wide requirements for recreational black sea bass fishermen, as mandated by the Atlantic States Marine Fisheries Commission's Fishery Management Plan (FMP), in 2005 are a 12.0 inch minimum size length with a 25 fish creel limit and no closed season. Delaware currently has a twelve (12) inch minimum size limit, a 25 fish creel limit and a closed season during September 8 through September 21 and December 1 through December 31. It is proposed to amend Tidal Finfish Regulation No. 3507 to eliminate the current closed season in order to be in compliance with the Atlantic States Marine Fisheries Commission's FMP.

The Summer Flounder Fishery Management Plan (FMP) details the annual process that the Summer Flounder Fishery Management Board, the Mid-Atlantic Management Council and the National Marine Fisheries Service are to use to establish conservation equivalency for the recreational summer flounder fishery. These agencies agreed that the states would implement conservationally equivalent measures rather than a coastwide management program for summer flounder in 2005. Delaware is obligated to cap the summer flounder recreational harvest at 150,000 fish for 2005. This is 29,000 more fish than were estimated to have been landed in 2004. Given that over one million marine recreational fishing trips occur annually in Delaware and that the 2000 year class of summer flounder was reported to be above average thus suggesting that more fish may be available for harvest in 2005; it is inadvisable to significantly alter the management measures that were in place for 2004. However, landings information suggests that by increasing the season to adjust for the eight percent increase in the harvest cap projected landings will continue to remain below the 2005 limit. As such, it is proposed that the eight management options that were presented for the 2004 fishing season, which included size ranges from 16 inches to 17.5 inches and creel limits ranging from 4 fish to 7 fish, and a variety of seasonal closures be presented again for public review and comment. Options one through six, which have seasonal closures, are being adjusted to include additional days in order to compensate for the eight percent increase in the harvest cap. The adopted management approach for 2004 included a 17.5 inch minimum size, and 4 fish creel limit. It is anticipated that the minimum size limit of 17.5 inches will once again be an effective restraining factor in 2005.

3. Possible Terms Of The Agency Action

Delaware is required to comply with specific Fishery Management Plans approved by the Atlantic States Marine Fisheries Commission. Failure to do so could result in complete closure of a specific fishery in Delaware

4. Statutory Basis Or Legal Authority To Act:

7 Del. C. § 903, 7 (e)(2)(a)

5. Other Regulations That May Be Affected By The Proposal:

None

6. Notice Of Public Comment:

Individuals may present their comments or request additional information by contacting the Fisheries Section, Division of Fish and Wildlife, 89 Kings Highway, Dover, DE 19901, (302) 739-3441. A public hearing on these proposed amendments will be held on February 24, 2005 at 7:30 PM in the DNREC Auditorium, 89 Kings Highway, Dover, DE 19901. The record will remain open for written comments until 4:30 PM, March 4, 2005.

(Formerly Tidal Finfish Reg. 23)**

(Penalty Section 7 Del.C. §936(b)(2))

1.0 It shall be unlawful for any commercial person to have in possession any black sea bass (*Centropristis striata*) that measures less than eleven (11) inches, total length.

2.0 It shall be unlawful for any recreational person to have in possession any black sea bass that measures less than twelve (12) inches total length.

6 DE Reg. 1230 (3/1/03)

6 DE Reg. 1360 (4/1/03)

3.0 It shall be unlawful for any commercial fisherman to land, to sell, trade and or barter any black sea bass in Delaware unless authorized by a black sea bass landing permit issued by the Department. The black sea bass landing permit shall be presumed to transfer with the vessel whenever it is bought, sold, or otherwise transferred, unless there is a written agreement, signed by the transferor/seller and transferee/buyer, or other credible written evidence, verifying that the transferor/seller is retaining the vessel's fishing and permit history for purposes of replacing the vessel.

6 DE Reg. 1358 (4/1/03)

4.0 The black sea bass pot fishery and the black sea bass commercial hook and line fishery shall be considered separate black sea bass fisheries. The total pounds allocated to each fishery by the Department shall be as follows: 96 percent of the State's commercial quota, as determined by the ASMFC, for the pot fishery; 4 percent for the commercial hook and line fishery.

6 DE Reg. 1230 (3/1/03)

5.0 The Department may only issue a black sea bass landing permit for the pot fishery to a person who is the owner of a vessel permitted by the National Marine Fisheries Service in accordance with 50 **CFR** §§648.4 and who had applied for and secured from the Department a commercial food fishing license and has a reported landing history in either the federal or state reporting systems of landing by pot at least 10,000 pounds of black sea bass during the period 1994 through 2001. Those individuals that have landing history only in the federal data base must have possessed a state commercial food fishing license for at least one year during the time from 1994 through 2001.

6 DE Reg. 1230 (3/1/03)

6.0 The Department may only issue a black sea bass landing permit for the commercial hook and line fishery to a person who has applied for and secured from the Department a commercial food fishing license and a fishing equipment permit for hook and line and submitted landings reports in either the federal or state landing report systems for black sea bass harvested by hook and line during at least one year between 1994 and 2001.
