The Delaware Board of Examiners of Psychologists in accordance with 24 **Del.C.** §3506(a)(1) has proposed changes to its rules and regulations to allow for online renewal of licenses and online attestation of completion of continuing education hours. The proposed changes also provide for a post-renewal audit, so that licensees have the full two-year period to obtain required continuing education. Under the proposed rules, licensees may earn continuing education through the July 31 deadline. In addition, the proposed rules specify the number of continuing education credits required for newly-licensed individuals. The proposed rules also clarify the information that must be submitted to the Board to obtain licensure. Finally, the proposed revisions implement the recent changes to the reciprocity provisions of the Board's statute, 24 **Del.C.** §3511. These changes allow professionals that have passed the required examination and have been licensed in another state for at least two continuous years to satisfy the requirements of licensure in Delaware by submitting information showing that they hold a current Certificate of Professional Qualification in Psychology (CPQ) issued by the Association of State and Provincial Psychology Boards (ASPPB), or are currently credentialed by the National Register of Health Service Providers in Psychology.

7.0 Supervised Experience

The types of supervision pertinent to licensure as a psychologist or registration as a psychological assistant are comprised of three types of supervisory experiences:

- 7.1 Predoctoral internship supervision as required by doctoral programs in psychology. The predoctoral internship consists of a minimum of 1,500 hours of actual work experience completed in not less than 48 weeks, nor more than 104 weeks. At least 50% of the predoctoral supervised experience must be in clinical services such as treatment, consultation, assessment, and report writing, with at least 25% of that time devoted to face-to-face direct patient/client contact. No more than 25% of time shall be allocated for research.
- 7.2 Postdoctoral supervision is required for initial licensure as a psychologist. Postdoctoral experience must consist of 1,500 hours of actual work experience. This experience is to be completed in not less than one year and not more than three calendar years, save for those covered under 24 **Del.C.** §3519(e). For those individuals the accrual of 1,500 hours of supervised postdoctoral experience must take place within six calendar years from the time of hire. There is to be one hour of face-to-face supervision for every 1to10 hours of clinical work. This experience shall consist of at least twenty-five percent and not more than sixty percent of the time devoted to direct service per week in the area of the applicant's academic training. "Direct service" consists of any activity defined as the practice of psychology or the supervision of graduate students engaging in activities defined as the practice of psychology. Not more than 25% of this supervision can be done by other licensed mental health professionals besides psychologists.

The purpose of the postdoctoral supervision is to train psychologists to practice at an independent level. This experience should be an organized educational and training program with explicit goals and a clear plan to meet those goals. There should be regular written evaluations based on this program.

- 7.3 Supervision of psychological assistants is required at the frequency of one hour of face-to-face supervision for every 1-10 hours of clinical work by the psychological assistants, as required by Section 9 of the Rules and Regulations. An individual registered as a psychological assistant may or may not be receiving supervision in pursuit of independent licensure as a psychologist.
- 7.4 A psychologist providing either postdoctoral supervision or supervision of psychological assistants must have been in practice for two years post licensure in this or any other state without having been subject to any disciplinary actions. He/she must provide 24-hour availability to both the supervisee and the supervisee's clients, or ensure that adequate alternative coverage is provided in the supervisor's absence. The supervising psychologist shall have sufficient knowledge of all clients including face-to-face contact when necessary and must be employed or under contract in the setting where the clinical service takes place and the supervision must occur within that setting.

8.0 Failure to Pass Examination

Applicants may take the Examination for the Professional Practice in Psychology as many times as they choose. Intervals between testing will be determined by the testing agency and the ASPPB.

9.0 Psychological Assistants

- 9.1 A psychological assistant is an individual who meets the requirements of 24 **Del.C.** §3509(2a-2e). This individual may be registered as a psychological assistant in order to receive supervision to be eligible for later licensure to practice independently as a psychologist and/or for any other reason as recognized by law.
- 9.2 Psychological assistants are supervised, directed, and evaluated by a Delaware licensed psychologist who assumes professional and legal responsibility for the services provided.
- 9.2.1 Any Delaware licensed psychologist who has had a least two (2) years of experience following the granting of licensure in this or in any other state may supervise a maximum of seven (7) psychological assistants.
- 9.2.2 It is the responsibility of the supervising psychologist in conjunction with the psychological assistant to diagnose and form treatment plans for patients seen by the psychological assistant and to file such plan in the patient/client's chart.

- 9.2.3 The patient/client must be informed that services are being delivered by a psychological assistant and that the licensed psychologist is responsible for the treatment.
- 9.2.4 The patient/client shall sign a statement of informed consent attesting that he/she understands that the services are being delivered by a psychological assistant and that the licensed psychologist is ultimately responsible for his/her treatment. This document shall include the supervising psychologist's name and the telephone number where he/she can be reached. One copy shall be filed with the patient/client's record and another given to the patient.
- 9.3 The Delaware licensed psychologist is identified as the legally and ethically responsible party in all advertising, public announcements, and billings. In addition, billings and advertisements will clearly indicate that the service is being provided by a psychological assistant. All treatment and evaluation reports prepared by the psychological assistant must be signed by the psychologist and the psychological assistant.
- 9.4 The Delaware licensed psychologist who accepts the responsibility of using a psychological assistant shall develop and maintain a current, written job description delineating the range and type of duties, educational practicum and clinical experience to be assigned to the psychological assistant, limits of independent action, emergency procedures for contacting the supervising psychologist, and the amount and type of supervision to be provided. This job description must be signed by the psychologist and the psychological assistant and will be filed in the Division of Professional Regulation, along with an official copy of the psychological assistant's college transcript, and proof of a 450-hour clinical practicum supervised by a licensed psychologist or by a faculty member in a nationally accredited doctoral level clinical training program in the State of Delaware who is actively pursuing licensure. The psychological assistant will also provide a statement under oath as outlined in 24 **Del.C.** §3509(b1 b3).
- 9.5 The Board will then review credentials, job description and supervisory arrangements, and if the arrangements are acceptable, will inform the psychologist in writing that the psychological assistant can begin work. No psychological assistant shall begin work until the Board has approved the application. Registration for psychological assistants expires biennially and continued performance of the duties of a psychological assistant requires proof of twenty (20) hours of continuing education and payment of the renewal fee.
- Supervision of the psychological assistant by the Delaware licensed psychologist is to be a regular 9.6 and formal process. It is required that the licensed psychologist and the psychological assistant have weekly oneon-one, face-to-face supervision with review of each case served by the psychological assistant. The supervising psychologist should be familiar with each patient/ client seen by the psychological assistant and with the ongoing progress of treatment. One hour of supervision for every ten hours, or fraction thereof, of direct clinical work by the psychological assistant is required as a minimum. For example, if a psychological assistant provides eight (8) hours of direct clinical service, he or she must receive a minimum of one (1) hour of supervision. Likewise, a psychological assistant, who has fifteen (15) hours of direct clinical contact, must receive at least two (2) hours of supervision. This supervision must be documented in writing on patient records. In addition, the supervising psychologist shall submit at the time of relicensure and at the termination of the supervision relationship a supervision report on a form provided by the Board which will become a part of the public record. It will contain information describing the date and amount of supervision and any unscheduled supervisory contact, as well as a brief assessment of the psychological assistant's functioning. The Board will consider requests to substitute group supervision for some portion of the one-to-one, face-to-face supervision requirement. A supervising psychologist must petition the Board and show good cause for this substitution. If the supervising psychologist's request is granted, no more than five (5) psychological assistants may meet with the supervising psychologist at one time and there must be two (2) hours of group supervision in place of every one (1) hour of individual supervision. All psychological assistants must have at least one (1) hour of individual supervision per week. The Board reserves the right to withdraw their permission for the substitution at any time.
- 9.7 Psychological Assistants are to work in the office of the licensed psychologist so as to have regular and continued supervision. When the licensed psychologist is not in the office, he or she is expected to provide clear contingency plans for consultation for the psychological assistant. It is assumed that the psychologist will be available to the psychological assistant under most circumstances; therefore, arrangements in which the supervising psychologist is employed full time elsewhere will not be approved, unless it can be demonstrated that there will be adequate supervision and contingency coverage of the psychological assistant. Supervising psychologists will be expected to describe in their application for the psychological assistant how much supervision they will provide and how that supervision will be provided.

- 9.8 Psychological assistants who work for agencies must be supervised by a psychologist employed by or under contract to the agency. Supervision must occur on site, and the agency must have clearly spelled out plans for providing consultation and backup when the supervising psychologist is not on site. A psychological assistant, who provides services that are under the direction of different psychologists, must be registered as a psychological assistant by all of the psychologists who are directly supervising the clinical work.
- 9.9 When there is a complaint of incompetent, improper, or unethical behavior on the part of the psychological assistant, in addition to the disciplinary action against the psychological assistant, disciplinary action may be taken against the supervising psychologist for failing to provide adequate supervision of the psychological assistant. The Board reserves the right to suspend or revoke the Delaware licensed psychologist's privilege of hiring a psychological assistant when just cause has been established through a formal hearing. Violation of this regulation may constitute cause for suspending or revoking the future privilege of hiring a psychological assistant.
- 9.10 Patients/clients are always the responsibility of the supervising psychologist. Termination or transfer plans must be worked out with the approval of the supervising psychologist. A psychological assistant will be considered to be working for the supervising psychologist until the Board of Examiners is notified in writing of the change in arrangements. The letter terminating a psychological assistant arrangement must also specify when the supervising psychologist is terminating the arrangement because of concerns about the ethical or professional behavior of the psychological assistant.

- 15.2 The chairperson of the regulatory Board or that chairperson's designate or designates shall, within 7 days of receipt of the report, contact the individual in question and inform him/her in writing of the report, provide the individual written information describing the Voluntary Treatment Option, and give him/her the opportunity to enter the Voluntary Treatment Option.

This initial evaluation and screen shall take place within 30 days following notification to the professional by the participating Board chairperson or that chairperson's designate(s).
- 15.4 A regulated professional with chemical dependency or impairment due to addiction to drugs or alcohol may enter into the Voluntary Treatment Option and continue to practice, subject to any limitations on practice the participating Board chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional, deem necessary, only if such action will not endanger the public health, welfare or safety, and the regulated professional enters into an agreement with the Director of Professional Regulation or his/her designate and the chairperson of the participating Board or that chairperson's designate for a treatment plan and progresses satisfactorily in such treatment program and complies with all terms of that agreement. Treatment programs may be operated by professional Committees and Associations or other similar professional groups with the approval of the Director of Professional Regulation and the chairperson of the participating Board.
- 15.5 Failure to cooperate fully with the participating Board chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate in regard to the Voluntary Treatment Option or to comply with their requests for evaluations and screens may disqualify the

- 15.6.5 Agreement by the regulated professional that failure to satisfactorily progress in such treatment program shall be reported to the participating Board's chairperson or his/her designate or designates or to the Director of the Division of Professional Regulation or his/ her designate by the treating professional who shall be immune from any liability for such reporting made in good faith and without malice.

However, the participating Board may consider such records in setting a disciplinary sanction in any future matter in which the regulated professional's chemical dependency or impairment is an issue.
- 15.8 The participating Board's chairperson, his/her designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional at any time during the Voluntary Treatment Option, restrict the practice of a chemically dependent or impaired professional if such action is deemed necessary to protect the public health, welfare or safety.
- 15.9 If practice is restricted, the regulated professional may apply for unrestricted licensure upon completion of the program.
- 15.10 Failure to enter into such agreement or to comply with the terms and make satisfactory progress in the treatment program shall disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Board shall be notified and cause to be activated an immediate investigation and disciplinary proceedings as appropriate.
- 15.11 Any person who reports pursuant to this section in good faith and without malice shall be immune from any civil, criminal or disciplinary liability arising from such reports, and shall have his/her confidentiality protected if the matter is handled in a nondisciplinary matter.

In such an instance, the written agreement with the regulated professional shall include the potential for disclosure and specify those to whom such information may be disclosed.

APPENDIX A

"Professional psychology" refers to psychology as a profession. The term is not intended in the more restrictive sense of applied or practice areas of psychology since the intent is for a generic designation system.

6.1.1.2.1 refers to an institution with regional accreditation in the United States, an institution with provincial authorization in Canada, or in other countries, or an institution that is accredited by a body which was deemed by the ASPPB/National Register Joint Designation Committee to be performing a function equivalent to U.S. regional accrediting bodies.

In reference to "instruction in scientific and professional ethics and standards" rule 6.1.1.2.9, it is understood that a course of three or more graduate semester hours (five or more graduate quarter hours) or its equivalent is highly desirable; substantial instruction in these issues is required.

It is understood that rule 6.1.1.2.9 includes the requirement of a minimum of one year's residency at the educational institution granting the doctoral degree.
