Statutory Authority: 16 Delaware Code, Section 122(3)o (16 Del.C. §122(3)o)
16 DE Admin. Code 4406

FINAL

ORDER

4406 Home Health Agencies- Aide Only (Licensure)

NATURE OF THE PROCEEDINGS:

Delaware Health and Social Services ("DHSS") initiated proceedings to adopt the State of Delaware Regulations Governing Home Health Agencies Aide Only (Licensure). The DHSS proceedings to adopt regulations were initiated pursuant to 29 Del.C. Ch. 101 and authority as prescribed by 16 Del.C. §122 (3)o.

On November 1, 2015 (Volume 19, Issue 5), DHSS published in the Delaware *Register of Regulations* its notice of proposed regulations, pursuant to 29 Del.C. §10115. It requested that written materials and suggestions from the public concerning the proposed regulations be delivered to DHSS by December 17, 2015, or be presented at a public hearing on December 2, 2015, after which time the DHSS would review information, factual evidence and public comment to the said proposed regulations.

Written comments were received during the public comment period and evaluated. The results of that evaluation are summarized in the accompanying "Summary of Evidence."

SUMMARY OF EVIDENCE:

In accordance with Delaware Law, public notices regarding proposed Department of Health and Social Services (DHSS) Regulations Governing Home Health Agencies - Aide Only (Licensure) were published in the *Delaware State News*, the *News Journal* and the *Delaware Register of Regulations*. Written comments were received on the proposed regulations during the public comment period (November 1, 2015 through December 17, 2015).

Entities offering written comments include:

- State Council for Persons with Disabilities, Daniese McMullin-Powell, Chairperson
- Governor's Advisory Council for Exceptional Citizens, Robert D. Overmiller, Chairperson

As the comments from both agencies were similar in scope and nature, they are addressed concurrently in this summary of evidence. Public comments and the DHSS (Agency) responses are as follows:

Comment:

In §1.0, definition of "Home Health Agency (HHA)", the second sentence reads as follows: "The HHA shall only provide services in the county in which the HHA is located and/or the county(ies) which are immediately adjacent." This new limitation may be ill-conceived. An HHA "located" in Kent County could serve the entire State. However, an Agency "located" in New Castle County (NCC) could not serve clients in Sussex and an Agency "located" in Sussex could not serve clients in NCC. The rationale for this change is not provided. The term "located" is not defined. It is not based on statute. See 16 Del.C. §122(3)o. Delaware is a small state and the limitation may unnecessarily restrict residents' choice of providers.

Incidentally, inclusion of this limitation in a definition violates Section 4.3 of the Delaware Administrative Code Style Manual since it creates a substantive standard in a definition.

Agency Response: The Agency appreciates and acknowledges these comments. The purpose of this revision was not meant to restrict the choice of providers, but to ensure the provision of safe and quality care. This requirement has been part of the protocol for all home health agencies - aide only for many years.

The rationale behind this requirement is that the home health agencies - aide only need to be in close enough proximity to their patients and employees/contractors to provide adequate supervision. The agencies must have the ability to adequately supervise and monitor all services to assure that the quality and scope of services provided to all patients promotes the highest practicable functional capacity for each patient to meet their individual needs. Supervision of services requires that a qualified person be physically present to directly supervise the provision of services. Most of the people receiving services from these agencies are part of a very vulnerable population. Inadequate supervision of the employees/contractors providing care in the patient's private residence has the potential to lead to more abuse/crimes/theft against these vulnerable people.

To comply with Section 4.3 of the Delaware Administrative Code Style Manual, the following technical changes will be made:

1. The definition of "Home Health Agency" will revert back to the original definition.

"Home Health Agency (HHA) means any business entity or sub-division thereof, whether public or private, proprietary or not-for-profit, which provides, to an individual primarily in his/her place of residence."

2. The definition of "located" will be added as follows:

"Located" means the physical address of the agency's business office.

3. The requirement that the home health agency - aide only shall only provide services in the county in which the agency is located and/or the county(ies) which are immediately adjacent will be added to "2.0 Licensing Requirements and Procedures" as follows:

2.1.7 The agency shall only provide services in the county in which the agency is located and/or the county(ies) which are immediately adjacent.

The public comment period was open from November 1, 2015 through December 17, 2015. In addition, a public hearing was held December 2, 2015. Based on comments received, only non-substantive changes have been made to the proposed regulations. The regulations have been reviewed by the Delaware Attorney General's office and approved by the Cabinet Secretary of DHSS.

FINDINGS OF FACT:

Changes made to the regulations based on the comments received are detailed in the summary of evidence. The Department finds that the proposed regulations, as set forth in the attached copy should be adopted in the best interest of the general public of the State of Delaware.

THEREFORE, IT IS ORDERED, that the proposed State of Delaware Regulations Governing Home Health Agencies - Aide Only (Licensure) is adopted and shall become effective March 11, 2016, after publication of the final regulation in the Delaware *Register of Regulations*.
