**DIVISION OF MEDICAID AND MEDICAL ASSISTANCE**  
**Diamond State Health Plan Plus 1115 Demonstration Waiver**  
**PUBLIC NOTICE**

In accordance with the public notice requirements of 42 U.S.C. §1315(d) and 42 CFR Part 431, Subpart G, Delaware Health and Social Services (DHSS), Division of Medicaid and Medical Assistance (DMMA) gives notice of its intent to file an application with the Centers for Medicare and Medicaid Services (CMS) to request a three-year extension of the Diamond State Health Plan 1115 Demonstration Waiver, which is scheduled to expire on December 31, 2013.

Under a waiver of Section 1115(a) of the Social Security Act, the Diamond State Health Plan (DSHP) implemented a mandatory Medicaid managed care demonstration program statewide on January 1, 1996. Using savings achieved under managed care, Delaware expanded Medicaid health coverage to additional low-income adults in the State with incomes less than 100% of the Federal Poverty Level (FPL).

Goals of the DSHP are to improve and expand access to healthcare to more adults and children throughout the State, create and maintain a managed care delivery system emphasizing primary care, and to strive to control the growth of healthcare expenditures for the Medicaid population.

In order for the Diamond State Health Plan 1115 Demonstration Waiver to continue past the expiration date, the State must request an extension no later than June 30, 2013. The duration of the extension being requested is January 1, 2014 through December 31, 2016.

Under the Diamond State Health Plan (DSHP) renewal, Delaware seeks to build on the successes of the existing waiver while integrating the waiver's programs and benefits to deliver better health outcomes more efficiently and to align the waiver with the Affordable Care Act's new requirements. Delaware plans on the following specific proposed waiver renewal initiatives:

- To expand Medicaid eligibility to individuals with income at or below 133% of the Federal Poverty Level (FPL) beginning January 1, 2014;
- To incorporate the new simplified Medicaid eligibility methodology called "modified adjusted gross income" (MAGI) to the extent required by the ACA;
- To follow MAGI eligibility groups once federal regulations are finalized; and,
- To ensure enrollment without interruption in coverage to the maximum extent possible for individuals who are not categorically eligible for Medicaid, the State also plans to implement a transition plan consistent with the provisions of the ACA.

A draft of Delaware's waiver renewal application is currently available on the Division of Medicaid and Medical Assistance (DMMA) website at: <http://dhss.delaware.gov/dhss/dmma/>.

Hard copies are available for review at the Division of Medicaid and Medical Assistance, 1901 North DuPont Highway, Holloway Campus, Lewis Building, Conference Room 198, New Castle, Delaware 19720 from 8:00 a.m. – 4:30 p.m.

**DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENTAL CONTROL**  
**DIVISION OF FISH AND WILDLIFE**  
**3581 Spiny Dogfish**  
**PUBLIC NOTICE**

The purpose of this action is to amend the spiny dogfish (*Squalus acanthias*) regulation with modification to the daily commercial "take, land or possess" limit. The Department was requested to consider an increase in the "daily take, land or possess" limit from 3,000 pounds to 10,000 pounds at a recent Advisory Council on Tidal Finfisheries meeting. This request was subsequently endorsed by the Council.

The Northeast Fisheries Science Center's most recent update on the status of spiny dogfish found that the population is not overfished and overfishing is not occurring. Spawning stock biomass has exceeded target levels for the past five years. In response, the Atlantic States Marine Fisheries Commission (ASMFC) roughly doubled the annual quota for Delaware with the adoption of Addendum III to the Interstate Fishery Management Plan for Spiny Dogfish. Addendum III allows states from New York through North Carolina to set possession limits as best meets their needs.

In 2011, 30,670 pounds (17%) of Delaware's 179,200 pound quota were harvested. Spiny dogfish have a low market value and the current 3,000 pound daily limit makes it economically unfeasible for commercial harvesters to target the species. Further, spiny dogfish often occur in tremendous schools and allowing a higher daily limit would minimize discard losses and improve harvest efficiency in the gill net fishery. In recent years, the high biomass of spiny dogfish has been implicated in the decline of several ecologically and economically important species, including weakfish and herrings.

The spiny dogfish quota is monitored using mandatory catch reports and a federal dealer reporting system, making it unlikely that Delaware would exceed its quota allocation.

The hearing record on the proposed changes to §3581 Spiny Dogfish will be open May 1, 2013. Individuals may submit written comments regarding the proposed changes via e-mail to [Lisa.Vest@state.de.us](mailto:Lisa.Vest@state.de.us) or via the USPS to Lisa Vest, Hearing Officer, DNREC, 89 Kings Highway, Dover, DE 19901 (302) 739-9042. A public hearing on the proposed amendment will be held on May 23, 2013 beginning at 6:00 pm in the DNREC Auditorium, located at the Richardson & Robbins Building, 89 Kings Highway, Dover, DE 19901.
