Background

DSS is revising DSSM 11006.7 to provide instruction for DSS staff and the public on the requirements and limitations for an individual to provide relative child care services in a child's home. DSSM 11006.7 includes the requirements for families who request Purchase of Care funding for a relative to provide child care. DSS received public comments about relative care services for children with special needs. As a result, DSS is amending policy 11006.7 to exempt children with special needs and newborns on a case-by-case basis from the non-traditional hours requirement. DSS is also changing the minimum number of children cared for from four children to one child when a relative provides care in the child's home. These changes will help to eliminate barriers to child care services.
