(7 Del.C. §§103, 1902, 2701, 2703 and Ch. 15)
7 DE Admin. Code 3203, 3207, 3210, 3211 and 3214

FINAL

Secretary's Order No.: 2007-F-0044

RE: Proposed Amendments to Delaware's Horseshoe Crab Regulations as follows:

- 3203 – Seasons and Area Closed to Taking Horseshoe Crabs
- 3207 – Horseshoe Crab Dredging Restrictions
- 3210 – Horseshoe Crab Reporting Requirements
- 3211 – Horseshoe Crab Commercial Collecting Permit Eligibility and Renewal Requirements
- 3214 – Horseshoe Crab Annual Harvest Limit

Date of Issuance: October 15, 2007

Effective Date of the Amendment: November 11, 2007

I. Background:

A public hearing was held on Monday, September 24, 2007, in the Richardson and Robbins Auditorium of DNREC, 89 Kings Highway, to receive public comment on proposed amendments to Delaware's horseshoe crab regulations. Emergency horseshoe crab harvest and limit regulations, which were originally set to expire September 8, 2007, were extended by the adoption of new emergency regulations (Order No. 2007-F-0037) effective September 7, 2007. These emergency regulations extend the time period for the annual harvest limits of 100,000 male-only crabs for an additional 90 days, through December 5, 2007, or until regulations are implemented by the Department that eliminate the need for an emergency order. With the formal promulgation of amendments to Delaware's horseshoe crab regulations, there is no further need for any additional emergency orders to be enacted by the Secretary in order to keep Delaware in compliance with federal requirements concerning the harvesting of this species.

Numerous members of the public attended this hearing on August 23, 2007, and a voluminous amount of public comment was received by the Department during all phases of this regulatory process regarding this proposed action. Proper notice of the hearing was provided as required by law.

II. Findings:

The Department has provided appropriate reasoning, scientific analysis, and sound conclusions with regard to the drafting of these regulation amendments and consideration of the public comments received, as reflected in the Hearing Officer's Report of October 13, 2007, which is attached and expressly incorporated into this Order. Moreover, the following findings and conclusions are entered at this time:

1. The Department has jurisdiction under its statutory authority to make a determination in this proceeding;
2. The Department provided adequate public notice of the proceeding and the public hearing in a manner required by the law and regulations;
3. The Department held a public hearing in a manner required by the law and regulations;
4. The Department considered all timely and relevant public comments in making its determination;
5. The Department has reviewed this proposed amendment in the light of the Regulatory Flexibility Act, and believes the same to be lawful, feasible and desirable, and that the recommendations as proposed should be applicable to all Delaware citizens equally;
6. Formal promulgation of these proposed amendments would update Delaware's current regulations, so that Delaware will be in compliance with Addendum IV to the Interstate Fishery Management Plan

for Horseshoe Crab, issued by ASMFC;

7. These amendments will prohibit the harvest and landing of all horseshoe crabs in Delaware from January 1 through June 7, 2008, and will also prohibit the harvest and landing of all female horseshoe crabs in Delaware for two years, as required by the ASMFC Plan;

8. Furthermore, these amendments will allow the harvest of 100,000 male-only horseshoe crabs June 8 through December 31, 2007, and again for the 2008 calendar year;

9. Beach collecting of male-only horseshoe crabs will be allowed Monday through Friday, June 8-30, 2008, from Port Mahon Road and private beaches where collecting is presently legal. This measure will allow beach collectors to harvest male horseshoe crabs under the proposed quota system more efficiently during the period when harvesting is permitted;

10. These amendments shall also require all horseshoe crab collectors to phone-in a daily report and submit a monthly log listing the dates and locations horseshoe crabs were harvested;

11. Permit renewal requirements are proposed and in line with other shellfish licenses with annual renewal by December 31 of each calendar year in order to retain eligibility;

12. The Department has an adequate record for its decision, and no further public hearing is appropriate or necessary;

13. The Department's proposed regulation, as published in the September 1, 2007 *Delaware Register of Regulations* and set forth within Attachment "A" hereto, is adequately supported, not arbitrary or capricious, and is consistent with the applicable laws and regulations. Consequently, it should be approved as a final regulation, which shall go into effect ten days after its publication in the next available issue of the *Delaware Register of Regulations*;

14. The Department shall submit the proposed regulation as a final regulation to the *Delaware Register of Regulation* for publication in its next available issue, and shall provide written notice to the persons affected by the Order.

III. Order:

Based on the record developed, as reviewed in the Hearing Officer's Report dated October 13, 2007, and expressly incorporated herein, it is hereby ordered that the proposed amendments to State of Delaware Horseshoe Crab Regulations as follows: 3203 – Seasons and Area Closed to Taking Horseshoe Crabs; 3207 – Horseshoe Crab Dredging Restrictions; 3210 – Horseshoe Crab Reporting Requirements; 3211 – Horseshoe Crab Commercial Collecting Permit Eligibility and Renewal Requirements; and 3214 – Horseshoe Crab Annual Harvest Limit - be promulgated in final form in the customary manner and established rule-making procedure required by law.

IV. Reasons:

The promulgation of the amendments to Delaware's Regulations regarding the harvesting of horseshoe crabs is a reasonable action for the Department to take at this time, as it will bring Delaware into compliance with Addendum IV to the Interstate Fishery Management Plan for Horseshoe Crabs, issued by ASMFC. Failure to amend the existing horseshoe crab harvesting regulations would result in federal sanctions being taken against Delaware, including, but not limited to, the federal government closing Delaware's horseshoe crab fishery. Such actions would result in economic detriment to Delaware's fishermen, and therefore it is reasonable to enact these regulatory amendments at this time to prevent such detriments to Delaware's economy from occurring.

Conservation measures with regard to the harvesting of the horseshoe crab began to be applied in Delaware by ASMFC starting in 1999. Over the years subsequent to those measures being implemented, there are data indicating that the horseshoe crab population has begun to stabilize. The proposed harvest of 100,000 male horseshoe crabs would result in a taking of a very small percentage of this species' overall population, and thus it is believed to not be detrimental to the overall population of this species.

In developing this regulation, the Department has balanced the absolute environmental need for the State of Delaware to promulgate regulations concerning this matter with the economic interests and public concerns surrounding the same, in furtherance of the policy and purposes of 7 **Del.C.**, Ch. 60.

~~(Suspended effective January 1, 2007, See 3215 Horseshoe Crab Harvest Moratorium)~~

(Penalty Section 7 Del.C. §1912)

1.0 It shall be unlawful for any person who has been issued a horseshoe crab dredge permit, a horseshoe crab commercial collecting permit or a commercial eel pot license to not report his/her harvest of horseshoe crabs to the Department on a weekly daily basis. Said weekly daily reports shall not be required to be submitted to the Department during any month said person indicates previously in writing to the Department that he/she will not be harvesting horseshoe crabs. Any person required to submit a weekly daily report on his/her harvest of horseshoe crabs to the Department shall ~~submit said report on or before 4:30PM on the Monday following the week covered by said report. If Monday is a legal State holiday, said report shall be submitted on or before 4:30PM on Tuesday, next ensuing~~ phone in said report within 24 hours of said harvesting. For purposes of this section, a week shall commence at 12:01AM on Monday and conclude at midnight on Sunday, next ensuing. Said report shall include but not be limited to said person's unique identification number assigned by the Department, the dates and location horseshoe crabs were harvested, the number ~~and sex~~ of horseshoe crabs harvested and the method of harvest of horseshoe crabs. Said report shall be submitted to the Department by telephone by calling a phone number, dedicated by the Department for the reporting of harvested horseshoe crabs, and entering the required data by code or voice as indicated.

2.0 Any person who fails to submit a weekly daily report on his/her harvest of horseshoe crabs to the Department on time shall have his/her permit to dredge or his/her permit or authority to collect horseshoe crabs suspended until all delinquent reports on harvested horseshoe crabs are received by the Department.

3.0 In addition to the requirement to phone in weekly daily catch reports, horseshoe crab collectors and harvesters and commercial eel fishermen are required to compile and file monthly log sheets detailing daily landings of horseshoe crabs on forms supplied by the Department. These forms must be submitted by the 10th day

of the month next ensuing. Failure to submit these monthly reports on a timely basis may be cause for horseshoe crab collecting or horseshoe crab dredge permit revocation or non-renewal of said permit the following year; or in the case of a commercial eel licensee, forfeiture of permission to possess or use horseshoe crabs as bait for the remainder of the year.
