DIVISION OF PROFESSIONAL REGULATION
4400 Delaware Manufactured Home Installation Board
Statutory Authority: 24 Delaware Code, Section 4416(b)(1) (24 **Del.C.** §4416(b)(1))
24 DE Admin. Code 4400

FINAL

ORDER

Pursuant to 24 **Del.C.** §4416(b)(1), the Delaware Manufactured Home Installation Board ("the Board") has proposed revisions to Regulation 5.0 of its Rules and Regulations. The proposed revisions address the requirements for re-taking the examination once an applicant for licensure as a manufactured home installer has failed the examination at least twice. The proposed regulatory changes were published in the *Delaware Register of Regulations*, Volume 11, Issue 2, on August 1, 2007.

A public hearing to receive comments was held on October 22, 2007 at the Board's regularly scheduled meeting.

Summary of the Evidence and Information Submitted

No written or verbal comments were received.

Findings of Fact

The Board finds that adoption of the proposed amendments to Regulation 5.0 will place additional requirements upon applicants who fail the examination two or more times and will thereby serve to maintain minimum standards of professional competence and competence in the delivery of services to the public.

Decision and Effective Date

The Board hereby adopts the proposed amendments to be effective 10 days following publication of this order in the *Register of Regulations*.

Text and Citation

The text of the revised regulations is attached hereto as Exhibit A and is formatted to show the amendments. A clean copy, without the formatting, is attached hereto as Exhibit B.

SO ORDERED this 22nd day of October 2007.

4400 Delaware Manufactured Home Installation Board

1.0 License Required

1.1 Only natural persons may be licensed by the Board.

1.2 No person shall install manufactured homes or represent themselves as qualified to install manufactured homes without first having been duly licensed unless specifically excepted by statute.

1.3 A licensed manufactured home installer must oversee all aspects of the installation of a manufactured home; however, multiple licensed installers may be involved in the installation of a particular home at the discretion of the licensee who certifies the installation on the decal required by Regulation 11.0. The licensed manufactured home installer who certifies the installation on the decal affixed to the data plate is responsible for the installation and certifies that the installation was performed in accord with all applicable law, including the Board's statute and regulations.

1.4 Exceptions.

1.4.1 No license is required for persons working under the direct, on site supervision of a Delaware licensed manufactured home installer, as indicated in Section 4403(a)(10) and

1.4.2 No manufactured home installation license is required for persons who are currently certified, licensed, or registered by other boards or commissions of this State and who act within the scope of activity for which they are currently licensed, certified or registered. Examples include, but are not limited to, plumbers, electricians and well and septic installers.

2.0 Applications

2.1 All applications for licenses, certificates and renewal of licenses and certificates shall be submitted on forms approved by the Board.

2.1.1 Applications may be obtained over the Internet at the Division of Professional Regulation's website. Applications may also be obtained in person during regular business hours or by mail from the Division of Professional Regulation.

2.1.2 Renewal applications may be submitted in electronic form over the Internet. A licensee or certificate holder who does not have Internet access or otherwise wishes to renew in paper form must contact the Division to request a paper renewal application, and submit the renewal application sufficiently in advance of the renewal deadline to ensure that the license or certificate does not lapse.

2.2 The Board may require additional information or explanation when it has questions about an applicant's qualifications or application materials. An application is not complete until the Board has received all required and requested documents, materials, information and fees.

2.2.1 Applications which are incomplete shall be retained for one year to allow an applicant the opportunity to supplement the application. After one year, incomplete applications are destroyed. Thereafter, an applicant must submit a new application with the appropriate fee.

2.2.2 Applicants must meet the requirements for license or certification at the time their applications are complete.

3.0 License and Certificate Requirements

3.1 Each applicant for a manufactured home installer license must provide the Board with the following, or have this information provided from the appropriate source, where indicated:

3.1.7 Reciprocity

3.1.7.1 An applicant for licensure as a manufactured home installer by reciprocity shall complete an application approved by the Board and cause a certificate of good standing to be sent to the Board from the licensing agencies of all jurisdictions where the applicant is or has been licensed. Upon request an applicant for licensure under this provision must submit to the Board a copy of the reciprocal state's current licensure requirements

3.2 Each applicant for a certificate of manufactured home installation inspector must provide the Board with the following

3.2.1 A completed application on the form approved by the Board.

3.2.2 Evidence in a form satisfactory to the Board that the applicant has successfully completed the certification course designated by the Board. Evidence shall include a current written statement signed by the applicant's supervisor in his capacity as a supervisor identifying the applicant's employment status and date of employment.

4.0 Education

4.1 All applicants must successfully complete a Board-approved course to qualify for licensure or certification.

4.1.1 Training courses must provide at least fifteen (15) hours of education. An "hour" for purposes of this requirement shall mean fifty (50) minutes of instruction or participation in an appropriate course or program. Meals and breaks shall be excluded from credit.

4.2 To be approved by the Board, training courses must address the following areas:

4.2.1 Federal statutes and regulations governing manufactured housing;

Applicants who fail the examination a third time must wait one year before retesting from the date of the third test and must re-apply for licensure.

6.0 Lapse and Renewal of Licenses and Certificates

6.1 The biennial licenses and certificates granted by the Board shall lapse on September 30th of each even numbered year beginning in 2008, or on such other date as is specified by the Division of Professional Regulation. It is the responsibility of the licensee to file a renewal application with the Board. The failure of the Board to notify a licensee or certificate holder of the expiration date does not in any way relieve the licensee of the requirements of filing a renewal application with the Board. License and certificate renewal may be accomplished online at the Division of Professional Regulation's website.

6.2 Each applicant for renewal must retain proof of completing the continuing education requirements. Extra continuing education hours do not carry over to the next licensing or certification period. Renewal applications will be audited by the Board for compliance with the continuing education requirements.

6.3 A license or certificate is lapsed when a licensee has failed to either complete the requirements for renewal or obtain permission for inactive status. A licensee or certificate holder may activate a lapsed license or certificate within one year of the date the renewal application was due by meeting all renewal requirements and paying an additional fee set by the Division of Professional Regulation.

6.4 An individual whose license or certificate has lapsed for more than one year must reapply as a new applicant. The applicant must take the examination required by §4416(b)(3) and achieve a passing score unless he or she previously passed an approved licensure test that covered the applicable law and standards in effect at the time of the new application.

7.0 Inactive License or Certificate; Expiration; Reactivation

7.1 A licensee or certificate holder with a valid license may request in writing to be placed on inactive status. Inactive status can be effective for up to two years.

7.2 Each inactive license and certificate shall expire at the end of the biennial licensing and certificate period applicable to active licensees, which is September 30 of even-numbered years beginning in 2008. An inactive license or certificate may be renewed for two years by application to the Division upon proof of 10 hours of continuing education in the past two years.

7.3 An inactive license may be reactivated by the Board upon written request on a form designated by the Board, proof of insurance and bond, proof that the licensee has completed the requisite continuing education, and payment of a prorated fee to be computed by the Division of Professional Regulation.

7.4 An inactive certificate may be reactivated by the Board upon written request on a form designated by the Board, proof of completion of the requisite continuing education, and payment of a prorated fee to be computed by the Division of Professional Regulation.

7.5 A licensee or certificate holder is not authorized to work as a licensed manufactured home installer or certified manufactured home installation inspector, respectively, in this State during the period of inactive status.

8.0 Continuing Education ("CE")

8.1 Licensees and certificate holders shall complete 10 hours of approved CE by September 30 of each biennial renewal period.

8.1.1 This requirement is prorated for license or certificate holders during their initial licensing period as follows:

8.1.1.1 A person licensed less than one year does not need to complete CE at the first renewal.

8.1.1.2 A person licensed one year but less than two years must submit 5 CE hours at the first renewal.

8.1.2 An "hour" for purposes of continuing education credit shall mean fifty (50) minutes of instruction or participation in an appropriate course or program. Meals and breaks shall be excluded from credit.

8.2 The Board may consider a waiver of CE requirements or acceptance of partial fulfillment based on the Board's review of a written request with supporting documentation of hardship.

8.3 Courses must be approved by the Board in order to qualify as CE. Approved courses appear on the website of the Division of Professional Regulation.

8.3.1 Courses shall be designed to maintain and enhance the knowledge and skills of licensees related to the installation of manufactured housing.

8.3.2 Course providers, licensees and certificate holders may request Board approval of courses at any time by submitting a written request to the Board and including a course outline with the number of classroom hours and the curriculum vitae or resume of the instructor.

8.3.3 Course providers, licensees and certificate holders seeking pre-approval should submit the request a sufficient amount of time in advance of the CE course to permit the Board to consider the request at a regularly-scheduled Board meeting.

8.4 Proof of continuing education is satisfied with an attestation by the licensee that he or she has satisfied the requirements of Rule 8.0.

8.4.1 Attestation may be completed electronically if the renewal is accomplished online. Alternatively, licensees and certificate holders may submit the attestation in paper form on forms approved by the Board.

8.4.2 Licensees and certificate holders selected for random audit will be required to supplement the attestation with attendance verification pursuant to Rule 8.5.

8.4.3 Approval of CE automatically expires on September 30, 2008 and every two years thereafter on each September 30. A sponsor must reapply for approval as provided in Rule 8.3.

8.5 Random audits will be performed by the Board to ensure compliance with the license and certificate requirements. Licensees and certificate holders selected for the random audit shall submit verification that they maintain the required bond and liability insurance, verification of required employment status, and the completion of the required CE, as applicable and any other information required by the Board to confirm their continued eligibility for the license or certificate.

8.5.1 In a renewal year, the Board will notify licensees and certificate holders within sixty (60) days after September 30 that they have been selected for audit.

8.5.2 Licensees selected for random audit are required to submit verification within ten (10) days of receipt of notification of selection for audit.

9.0 Manufactured Home Installation Requirements

9.1 Manufactured homes shall be installed in accord with Section 4421(b).

9.2 Footers. Manufactured homes installed in this State shall be installed on piles or concrete footers. Concrete footers shall consist of a minimum of 3000 psi concrete and shall be a minimum of 24 inches in diameter, at least eight (8) inches thick and set two (2) feet deep from final grade where soil conditions permit. Where the regulations of the Department of Housing and Urban Development, the manufacturer's installation instructions or manual, NCSB/ANSI code or the set of plans designed for the specific manufactured home under the seal of a registered professional engineer, as applicable under Section 4421(b), require more stringent standards, those standards shall apply.

9.3 Anchoring. Manufactured homes installed in the State shall be anchored. Anchors shall be installed in accord with the regulations of the Department of Housing and Urban Development, the manufacturer's installation instructions or manual, NCSB/ANSI code or the set of plans designed for the specific manufactured home under the seal of a registered professional engineer, as applicable under Section 4421(b).

10.1.1 One inspection shall be performed once the ground is prepared for the concrete to be poured.

10.1.2 One inspection shall be performed upon completion of the installation in accord with Section 4422(a).

11.0 Decals

11.1 A decal represents the installer's certification that the installation was completed in compliance with the manufacturer's installation manual and all applicable law.

11.2 Licensees shall purchase Board approved decals from the Board for a fee to be established by the Division.

11.2.1 Decals may only be purchased by licensees in good standing.

11.2.2 Decals shall be numbered in sequence and affixed by the licensed installer to the manufactured home in accord with Section 11.4 below.

11.3 The licensed installer shall clearly inscribe the installation completion date, the name of the installer, and the installer's license number in blue or black ink on the decal.

11.4 The decal shall be permanently affixed in plain view next to the manufactured home data plate. In

the absence of a data plate, the decal shall be permanently affixed in the interior breaker panel box.

12.0 Use of Designations

12.1 A licensee shall prominently display the words "Licensed Manufactured Home Installer" and his license number on the exterior of all vehicles used for work in not less than three inch letters and numbers.

12.2 Only an individual who is registered with the Board and holds a license as a manufactured home installer may use the designation "Licensed Manufactured Home Installer" and other designations which suggest that the user is a licensed manufactured home installer.

12.3 No individual, sole proprietorship, partnership, corporation, or any other entity authorized under Delaware law or a similar statute of another state shall hold him/her/itself or otherwise use the title or designation "licensed manufactured home installer or any other title, designation, or abbreviation of any titles or designations likely to be confused with "licensed manufactured home installer".

13.1 Election of Officers. Beginning in 2007, the Board shall elect officers to serve for a one year term from April 1-March 31. Elections shall be held annually and shall occur no earlier than 3 months prior to April 1.

13.2 Duties of the Officers

13.2.1 President - The president shall preside at all meetings, designate subordinates when provided by law, sign correspondence on behalf of the Board, and perform other functions inherent in the position. 13.2.5 Education officer - The education officer may review courses submitted for continuing education approval and makes recommendations to the Board.

14.0 Discipline; Unlicensed Practice; Board Appointment of Licensed Installer or Certified Inspector

14.1 If the Board requires a licensed installer to take over the work done by an unauthorized practitioner pursuant to Section 4416(b)(13), the Board will choose the licensed installer from among those licensed installers who have volunteered to perform such work, whose license is in good standing and not subject to probation, other discipline or a pending complaint, and whose business address in the jurisdiction of the same authorized inspection agency as the subject property and closest in proximity to the subject property. If there are no volunteers who qualify, then the Board shall select a licensee at random. A licensee selected at random may be excused from the performance of this duty if he presents evidence that it will cause a hardship.

14.2 If the Board requires a certified inspector to inspect work completed by an unauthorized practitioner pursuant to Section 4416(b)(13), the Board will choose a certified inspector employed by the authorized inspection agency in whose jurisdiction the manufactured home is situated.

15.0 Voluntary Treatment Option for Chemically Dependent or Impaired Professionals

15.1 If the report is received by the president of the regulatory Board, that person shall immediately notify the Director of Professional Regulation or his/her designate of the report. If the Director of Professional Regulation receives the report, he/she shall immediately notify the president of the regulatory Board, or that president's designate or designates.

15.2 The president of the regulatory Board or that president's designate or designates shall, within 7 days of receipt of the report, contact the individual in question and inform him/her in writing of the report, provide

the individual written information describing the Voluntary Treatment Option, and give him/her the opportunity to enter the Voluntary Treatment Option.

15.3 In order for the individual to participate in the Voluntary Treatment Option, he/she shall agree to submit to a voluntary drug and alcohol screening and evaluation at a specified laboratory or health care facility. This initial evaluation and screen shall take place within 30 days following notification to the professional by the participating Board president or that president's designate(s).

15.4 A regulated professional with chemical dependency or impairment due to addiction to drugs or alcohol may enter into the Voluntary Treatment Option and continue to practice, subject to any limitations on practice the participating Board president or that president's designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional, deem necessary, only if such action will not endanger the public health, welfare or safety, and the regulated professional enters into an agreement with the Director of Professional Regulation or his/her designate and the president of the participating Board or that president's designate for a treatment plan and progresses satisfactorily in such treatment program and complies with all terms of that agreement. Treatment programs may be operated by professional Committees and Associations or other similar professional groups with the approval of the Director of Professional Regulation and the president of the participating Board.

15.5 Failure to cooperate fully with the participating Board president or that president's designate or designates or the Director of the Division of Professional Regulation or his/her designate in regard to the Voluntary Treatment Option or to comply with their requests for evaluations and screens may disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Board president or that president's designate or designates shall cause to be activated an immediate investigation and institution of disciplinary proceedings, if appropriate, as outlined in subsection (h) of this section.

15.6 The Voluntary Treatment Option may require a regulated professional to enter into an agreement which includes, but is not limited to, the following provisions:

15.6.1 Entry of the regulated professional into a treatment program approved by the participating Board. Board approval shall not require that the regulated professional be identified to the Board. Treatment and evaluation functions must be performed by separate agencies to assure an unbiased assessment of the regulated professional's progress.

15.6.2 Consent to the treating professional of the approved treatment program to report on the progress of the regulated professional to the president of the participating Board or to that president's designate or designates or to the Director of the Division of Professional Regulation or his/her designate at such intervals as required by the president of the participating Board or that president's designate or designates or the Director of the Division of Professional Regulation or his/her designate, and such person making such report will not be liable when such reports are made in good faith and without malice.

15.6.3 Consent of the regulated professional, in accordance with applicable law, to the release of any treatment information from anyone within the approved treatment program.

15.6.4 Agreement by the regulated professional to be personally responsible for all costs and charges associated with the Voluntary Treatment Option and treatment program(s). In addition, the Division of Professional Regulation may assess a fee to be paid by the regulated professional to cover administrative costs associated with the Voluntary Treatment Option. The amount of the fee imposed under this subparagraph shall approximate and reasonably reflect the costs necessary to defray the expenses of the participating Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its services on behalf of the Board in addition to the administrative costs associated with the Voluntary Treatment Option.

15.6.5 Agreement by the regulated professional that failure to satisfactorily progress in such treatment program shall be reported to the participating Board's president or his/her designate or designates or to the Director of the Division of Professional Regulation or his/her designate by the treating professional who shall be immune from any liability for such reporting made in good faith and without malice.

15.6.6 Compliance by the regulated professional with any terms or restrictions placed on professional practice as outlined in the agreement under the Voluntary Treatment Option.

15.7 The regulated professional's records of participation in the Voluntary Treatment Option will not reflect disciplinary action and shall not be considered public records open to public inspection. However, the participating Board may consider such records in setting a disciplinary sanction in any future matter in which the regulated professional's chemical dependency or impairment is an issue.

15.8 The participating Board's president, his/her designate or designates or the Director of the Division

of Professional Regulation or his/her designate may, in consultation with the treating professional at any time during the Voluntary Treatment Option, restrict the practice of a chemically dependent or impaired professional if such action is deemed necessary to protect the public health, welfare or safety.

15.9 If practice is restricted, the regulated professional may apply for unrestricted licensure upon completion of the program.

15.10 Failure to enter into such agreement or to comply with the terms and make satisfactory progress in the treatment program shall disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Board shall be notified and cause to be activated an immediate investigation and disciplinary proceedings as appropriate.

15.11 Any person who reports pursuant to this section in good faith and without malice shall be immune from any civil, criminal or disciplinary liability arising from such reports, and shall have his/her confidentiality protected if the matter is handled in a nondisciplinary matter.

15.12 Any regulated professional who complies with all of the terms and completes the Voluntary Treatment Option shall have his/her confidentiality protected unless otherwise specified in a participating Board's rules and regulations. In such an instance, the written agreement with the regulated professional shall include the potential for disclosure and specify those to whom such information may be disclosed.
