

DEPARTMENT OF STATE
DIVISION OF PROFESSIONAL REGULATION
3600 Board of Registration of Geologists
Statutory Authority: 24 Delaware Code, Section 3606 (24 **Del.C.** §3606)
24 **DE Admin. Code** 3600

FINAL

ORDER

After due notice in the *Register of Regulations* and two Delaware newspapers, a public hearing was held on August 3, 2007 at a scheduled meeting of the Delaware Board of Geologists (the "Board") to receive comments regarding the Board's proposed amendments to the Board's rules and regulations. The Board proposes to move current Rule 2.0 Code of Ethics and renumber it as new Rule 10.0; adopt a new Rule 2.0 Procedures for Licensure clarifying the application process and requirements for initial licensure and licensure by reciprocity; amend Rule 6.0 Continuing Education to further delineate the maximum allowable continuing education credit that may be claimed in the specific categories set forth in Rule 6.8; specify the documentation required in order to receive continuing education credit; delete existing Rule 8.0 Reciprocity and incorporate it into the new Rule 2.0 Procedures for Licensure; and adopt a new Rule 8.0 Voluntary Treatment Option for Chemically Dependent of Impaired Professionals.

The proposed amendments to the regulations were published in the *Register of Regulations*, Vol. 11, Issue 1, on July 1, 2007.

Summary of the Evidence and Information Submitted

No written comments were received. No members of the public attended the hearing.

Findings of Fact and Conclusions

1. The public was given notice and an opportunity to provide the Board with comments in writing and by testimony at the public hearing on the proposed amendments to the Board's rules and regulations. The Board received no written or verbal comments on the proposed amendments.
2. The Board finds that the proposed amendments to the rules and regulations are necessary to clarify the process for applying for licensure by direct application and by reciprocity. In addition, the Board finds that the procedures for licensure should be at the beginning of the rules and regulations as proposed to provide a more logical format for applicants to follow.
3. The Board finds that its recent audit of continuing education required for licensure renewal demonstrated that a cap should be placed on the number of credits licensees may obtain in any each of the specific categories of continuing education. The audit also demonstrated that licensees needed direction as to the documentation they need to provide to substantiate attendance and compliance with the continuing education requirements.
4. The Board finds that the adoption of regulations related to the Voluntary Treatment Option for Chemically Dependent of Impaired Professionals are necessary to implement the provisions of 29 **Del.C.** §8807(n).
5. Pursuant to 24 **Del.C.** §3606 the Board has statutory authority to promulgate regulations clarifying specific statutory sections of its statute. The amendments to Rule 5.0 Issuance and Renewal of License and Rule 6.0 Continuing Education clarify the provisions of 24 **Del.C.** §3611 with regard to renewal of licensure.

Decision and Effective Date

The Board hereby adopts the changes to its rules and regulations to be effective 10 days following publication of this order in the *Register of Regulations*.

Text and Citation

The text of the revised rules remains as published in *Register of Regulations*, Vol. 11, Issue 1, July 1, 2007, as attached hereto.

SO ORDERED this 3rd day of August, 2007.

3600 Board of Registration of Geologists

1.0 Definitions

Board shall mean the State Board of Geologists established in 24 **Del.C.**, Ch. 36, §3603.

Continuing Education Unit shall mean one contact hour (60 minutes), subject to the Board's review.

Five Years of Experience shall mean:

Experience acquired in geological work as described in the 24 **Del.C.**, Ch. 36, §3602 (5) and (6) and after completion of academic requirements as stated in §3608(a)(1). The Board may discount experience obtained more than ten (10) years prior to the submission of an application. Part-time experience will be granted proportional to full-time credit. Three of the five years of experience must be in a position of responsible charge as defined below.

Experience references must be provided by a person knowledgeable and having a background of geological work.

The Board will only consider years of experience documented by references.

Geologist shall mean a person who is qualified to practice professional geology including specialists in its various subdisciplines.

Practice of Geology shall mean any service or creative work, the adequate performance of which requires geologic education, training and experience in the application of the principles, theories, laws and body of knowledge encompassed in the science of geology. This may take the form of, but is not limited to, consultation, research, investigation, evaluation, mapping, sampling, planning of geologic projects and embracing such geological services or work in connection with any public or private utilities, structures, roads, buildings, processes, works or projects. A person shall be construed to practice geology, who by verbal claim, sign, advertisement or in any other way represents himself or herself to be a geologist, or who holds himself or herself out able to perform or who does perform geologic services or work.

Responsible Charge shall mean the individual control and direction, by the use of initiative, skill and individual judgment, of the practice of geology.

2.0 Code of Ethics

2.1 General Provisions:

~~2.1.1 A geologist shall be guided by the highest standards of ethics, honesty, integrity, fairness, personal honor, and professional conduct.~~

~~2.1.2 A geologist shall not knowingly permit the publication or use of his/her work or name in association with any unsound or illegitimate venture.~~

~~2.1.3 A geologist shall not give a professional opinion or make a report without being as completely informed as might be reasonably expected considering the purpose for which the opinion or report is desired. All assumptions on which the results of the report or opinion are based shall be set forth in the report or opinion.~~

~~2.1.4 A geologist shall be as objective as possible in any opinion, report or other communication he/she makes which will be used to induce participation in a venture. He/she shall not make sensational, exaggerated, or unwarranted statements. He/she shall not misrepresent data, omit relevant data, or fail to mention the lack of data that might affect the results or conclusions of such opinion, report or communication.~~

~~2.1.5 A geologist shall not falsely or maliciously attempt to injure the reputation or business of another geologist.~~

2.1.6 A geologist shall freely give credit for work done by others. A geologist shall not knowingly accept credit rightfully due to others or otherwise indulge in plagiarism in oral and written communications.

2.1.7 A geologist, having knowledge of the unethical or incompetent practice of another geologist, shall avoid association with that geologist in professional work. If a geologist acquires tangible evidence of the unethical or incompetent practice of another geologist, he/she shall submit the evidence to the Board.

2.1.8 A geologist shall not use the provisions of ~~24 Del.C., Ch. 36~~ or the Board's regulations to maliciously prosecute, harass or otherwise burden another geologist with unfounded or false charges.

2.1.9 A geologist shall endeavor to cooperate with others in the profession in encouraging the ethical dissemination of geological knowledge especially when it is in the public interest.

2.1.10 A geologist shall not engage in conduct that involves fraud, dishonesty, deceit or misrepresentation either directly or through the action of others.

2.1.11 A geologist shall not discriminate against any person on the basis of race, creed, sex or national origin.

2.1.12 A geologist shall not aid any person in the unauthorized practice of geology.

2.1.13 A geologist shall not practice geology in a jurisdiction where that practice would violate the standards applicable to geologists in the jurisdiction.

2.2 Provisions Concerning Monetary Matters

2.2.1 A geologist having, or expecting to have, any interest in a project or property on which he/she performs work, must make full disclosure of the interest to all parties concerned with the project or property.

2.2.2 A geologist's fee shall be reasonable. The factors to be considered in determining the reasonableness of a fee include the following:

2.2.2.1 the time and labor required, the novelty and difficulty of the work involved, and the skill requisite to perform the service properly;

2.2.2.2 the likelihood, if apparent to the client or employer, that the acceptance of the particular employment will preclude other employment of the geologist;

2.2.2.3 the fee customarily charged in the area for similar geological services;

2.2.2.4 the total value of the project and the results obtained;

2.2.2.5 the time limitations imposed by the client or by the circumstances;

2.2.2.6 the nature and length of the professional relationship with the client;

2.2.2.7 the experience, reputation, and ability of the geologist or geologists performing the service; and

2.2.2.8 whether the fee is fixed or contingent.

2.2.3 When the geologist has not regularly performed services for the client, the basis or rate of the fee shall be communicated to the client, preferably in writing, before or within a reasonable time after commencing services.

2.2.4 A fee may be contingent on the outcome of a project for which geological services are rendered, except for a project where a contingent fee is prohibited by law or professional ethics. A contingent fee agreement shall be in writing and shall state the method by which the fee is to be determined.

2.2.5 A division of fee between geologist and other professionals who are not associated may be made only if:

2.2.5.1 the division is in proportion to the services performed by each geologist or professional or, by written agreement with the client. Each geologist or professional assumes joint responsibility for the services performed;

2.2.5.2 the client is advised of and does not object to the participation of the geologist and/or other professionals involved; and

2.2.5.3 the total fee is reasonable.

2.2.6 A geologist shall not accept a concealed fee for referring an employer or client to a specialist or for recommending geological services other than his/her own. A geologist who engages or advises a client or employer to engage collateral services shall use his/her best judgement to ensure the collateral services are used prudently and economically.

2.3 Provisions Concerning The Relationship With The Client

2.3.1 A geologist shall not undertake, or offer to undertake, any type of work with which he/she is not familiar or competent by reason of lack of training or experience unless he/she makes full disclosure of his/her lack of training or experience to the appropriate parties prior to undertaking the work.

2.3.2 A geologist shall protect to the fullest extent the employer or client's interest, so far, as is consistent with the public welfare and professional obligations and ethics.

2.3.3 A geologist who finds that an obligation to an employer or client conflicts with professional obligations or ethics should have the objectionable conditions changed or terminate the services.

2.3.4 A geologist shall not use either directly or indirectly any proprietary information which is developed or acquired as a result of working for an employer or client in any way that conflicts with the employer's or client's interest and without the consent of the employer or client.

2.3.5 A geologist who has worked or performed a service for any employer or client shall not use the information peculiar to that employment and which is gained in such employment for his/her own personal profit unless he/she is given written permission to do so or until the employer, client, or their successor's interest in such information has changed in such a way that the information is valueless to him/her or of no further interest to him/her.

2.3.6 A geologist shall not divulge confidential information. This does not relieve a licensed geologist from the duty to report conditions required by law or regulation.

2.3.7 A geologist retained by a client shall not accept, without the client's consent, an engagement by another if there is a possibility of a conflict between the interest of the two clients.

2.3.8 A geologist shall advise an employer or client to retain, and cooperate with, other experts and specialists whenever the employer's or client's interests are best served by such services.

2.3.9 A geologist shall not terminate services to an employer or client when it will cause immediate jeopardy to the employer's or client's interests. The geologist shall attempt to give due notice of termination; however, the geologist may terminate services under any of the following circumstances:

2.3.9.1 failure to receive compensation or good evidence indicating compensation will not be received for services performed;

2.3.9.2 when continued employment will result in a violation of 24 ~~Del.C.~~, Ch. 36 or other illegality;

2.3.9.3 when continued employment will result in sickness or injury to the geologist or his/her dependents.

2.3.10 A geologist shall not use or abuse drugs, narcotics, controlled substances, or illegal drugs without a prescription from a licensed physician. A geologist shall also not abuse alcoholic beverages such that it impairs his/ her ability to perform his/her work

2.0 Procedures for Licensure

2.1 Application - Initial Licensure

An applicant who is applying for licensure as a geologist shall submit evidence showing that he/ she meets the requirements of 24 ~~Del.C.~~ §3608. The applicant must submit the following documentation:

2.1.1 An application for licensure, which shall include:

2.1.1.1 Academic credentials documented by official transcripts showing completion of an educational program meeting the requirements of 24 ~~Del.C.~~ §3608(a)(1).

2.1.1.2 Any applicant holding a degree from a program outside the United States or its territories must provide the Board with an educational credential evaluation from an agency approved by the Board, demonstrating that their training and degree are equivalent to domestic accredited programs. No application is considered complete until the educational credential evaluation is received by the Board.

2.1.1.3 Five professional references on forms provided by the Board. The references must attest that the Applicant has completed at least five (5) years of work experience in Geologic work satisfactory to the Board. A minimum of three years of work experience must be in a responsible position.

2.1.1.4 Evidence that the applicant has achieved the passing score on all parts of the written, standardized examination administered by the National Association of State Boards of Geology (ASBOG), or its successor.

2.1.1.5 Letters of good standing from all jurisdictions in which the applicant is licensed or registered.

2.2 Application - By Reciprocity

An applicant who is applying for licensure as a geologist by reciprocity shall submit evidence showing that he/she meets the requirements of 24 ~~Del.C.~~ §3609. The applicant must submit the following documentation:

2.2.1 An application for licensure, which shall include:

2.2.1.1 Academic credentials documented by official transcripts showing completion of an educational program meeting the requirements of 24 Del.C. §3608(a)(1).

2.2.1.2 Any applicant holding a degree from a program outside the United States or its territories must provide the Board with an educational credential evaluation from an agency approved by the Board, demonstrating that their training and degree are equivalent to domestic accredited programs. No application is considered complete until the educational credential evaluation is received by the Board.

2.2.1.3 Evidence that the applicant is licensed or certified in the jurisdiction from which he/she is applying and the applicant has practiced for a minimum of two (2) years after licensure in the jurisdiction from which he/she is applying including two (2) professional references on forms provided by the Board. The references must attest that the Applicant has completed at least two (2) years of work experience in Geologic work satisfactory to the Board.

2.2.1.4 Evidence that the applicant has achieved the passing score on all parts of the written, standardized examination administered by the National Association of State Boards of Geology (ASBOG), or its successor.

2.2.1.4.1 Applicants, who were originally licensed in another jurisdiction after June 17, 1998, will be required to have a passing score (70%) on each part of the ASBOG examination.

2.2.1.5 Letters of good standing from all jurisdictions in which the applicant is licensed or registered.

3.0 Stamp/Seal Requirements

3.1 The stamp or seal authorized by the Delaware State Board of Geologists shall be of the design shown here and shall not be less than one and one-half (1 ½) inches in diameter. It may be purchased by the licensee from any convenient source.

3.2 All reports, drawings, maps, or similar technical submissions involving the practice of geology that have been prepared, or reviewed and approved, by a licensed geologist and that will become a matter of public record, or relied upon by any person, within this state for geological purposes, shall be impressed with the stamp or seal. The stamp or seal will indicate that the licensee has accepted responsibility for the work.

3.3 Any licensee who affixes, or allows to be affixed, his/her seal or name to a document or report is responsible for all work contained therein regardless of whether such work has been performed by the geologist or a subordinate.

3.4 No person shall stamp or seal any plans, reports, specifications, plats or similar technical submissions with the stamp or seal of a geologist or in any manner use the title "geologist," unless such person is duly licensed in compliance with 24 Del.C. Ch. 36.

3.5 No person shall stamp or seal any plans, specifications, plats, reports, or a similar document with the stamp or seal of a licensed geologist if his/her license has been suspended, revoked or has expired.

3.6 Computer files of reports, drawings or similar technical work involving the practice of geology and that will become a matter of public record or relied upon by any person shall include the following statement:

This submission is made in compliance with 24 Del.C., Ch. 36 by (name) _____, P.G., DE license number ____ on this date _____.

4.0 Licensing Exemption

4.1 Any person who claims exemption from the provisions of 24 Del.C. Ch. 36 under §3617(a), shall be entitled to such exemption so long as his/her remuneration from the practice of geology is solely related to a teaching function. If such remuneration is processed through his/her academic unit, it shall be considered prima facie evidence of the fact that such work is related to his/her teaching. Any person claiming such exemption shall, in a conspicuous manner at the conclusion of any report or study bearing his/ her name, include the statement:

"I hereby claim exemption from the requirements of 24 Del.C. Ch. 36 (Delaware Professional Geologist Act) and am not subject to the provisions of that Act and the standards and regulations adopted pursuant thereto."

Such a disclaimer shall not be required on reports or studies submitted solely to refereed professional journals for publications.

Any other geologic work, including consulting, not directly related to educational activities, shall not be considered exempt.

5.0 Issuance and Renewal of License

5.1 Each license shall be renewed biennially. The failure of the Board to notify a licensee of his/her expiration date and subsequent renewals does not, in any way, relieve the licensee of the requirement to renew his/her certificate pursuant to the Board's regulations and 24 **Del.C.** Ch. 36.

5.2 Renewal may be effected by:

5.2.1 filing a renewal application prescribed by the Board and provided by the Division of Professional Regulation. Beginning in 2006, license renewal may be accomplished online at www.dpr.delaware.gov;

5.2.2 providing other information as may be required by the Board to ascertain the licensee's good standing;

5.2.3 attesting on the renewal application to the completing of continuing education as required by Rule 6.0;

5.2.4 payment of fees as determined by the Division of Professional Regulation.

5.3 Failure of a licensee to renew his/her license shall cause his/her license to expire. A geologist whose license has expired may renew his/her license within one year after the expiration date upon fulfilling items 5.2.1 - 5.2.4 above, certifying that he/she has not practiced geology in Delaware while his/her license has expired, and paying the renewal fee and a late fee which shall be 50% of the renewal fee.

5.4 No geologist will be permitted to renew his/her license once the one-year period has expired.

5.5 The former licensee may re-apply under the same conditions that govern applicants for licensure under 24 **Del.C.** Ch. 36.

5.6 No geologist shall practice geology in the State of Delaware during the period of time that his/her Delaware license has expired.

10 DE Reg. 567 (09/01/06)

6.0 Continuing Education

6.1 The Board will require continuing education as a condition of license renewal. Continuing education shall be waived for the first licensure renewal following the effective date of the Board's Rules and Regulations.

6.1.1 Proof of continuing education is satisfied with an attestation by the licensee that he or she has satisfied the Requirement of Rule 6.0.

6.1.2 Attestation may be completed electronically if the renewal is accomplished online. In the alternative, paper renewal documents that contain the attestation of completion may be submitted.

6.1.3 Licensees selected for random audit will be required to supplement the attestation with attendance verification pursuant to Rule 6.3.

6.2 Licenses are renewed biennially (every two years on the even year) on September 30 (e.g. September 30, 2006, 2008). Continuing education (CE) reporting periods run concurrently with the biennial licensing period.

6.3 Each licensed geologist shall complete, biennially, 24 units of continuing education as a condition of license renewal. The licensee is responsible for retaining all certificates and documentation of participation in approved continuing education programs. Upon request, such documentation shall be made available to the Board for random post renewal audit and verification purposes. A continuing education unit is equivalent to one contact hour (60 minutes), subject to the Board's review. The preparing of original lectures, seminars, or workshops in geology or related subjects shall be granted one (1) contact hour for preparation for each contact hour of presentation. Credit for preparation shall be given for the first presentation only.

6.4 A candidate for renewal may be granted an extension of time in which to complete continuing education hours upon a showing of hardship. "Hardship" may include, but is not limited to, disability; illness; extended absence from the jurisdiction; or exceptional family responsibilities. Requests for hardship consideration must be submitted to the Board in writing prior to the end of the licensing period for which it is made.

6.5 Continuing education shall be prorated for new licensees in the following manner:

6.5.1 If at the time of renewal, a licensee has been licensed for less than one year, no continuing education is required; if he/she has been licensed for more than one year, but less than two years, twelve of the twenty-four hours will be required; if he/she has been licensed for two years or more the full twenty-four hours is required.

6.6 In his/her personal records, each licensee must keep proof of attendance for each activity for which the licensee is requesting credit. If the Board conducts an audit of a licensee's CE records, the Board will require the licensee to complete a CE log provided by the Board and submit the licensee's documentation of attendance to the CE event listed on the CE log. Failure to submit proof of attendance during an audit will result in loss of CE credit for that event.

6.7 Continuing education must be in a field related to Geology. Approval will be at the discretion of the Board. CEUs earned in excess of the required credits for the two- (2) year period may not be carried over to the next biennial period.

6.8 Categories of Continuing Education & Maximum Credit Allowed:

6.8.1 Courses/Workshops – 24 CEUs Total

Academic – 24 CEUs

Professional Development – 24 CEUs

Documentation – Proof of Completion

6.8.2 Professional Meetings & Activities/Field Trips – 12 CEUs Total

Meetings – 12 CEUs

Field Trips – 12 CEUs

Documentation – Proof of Attendance and Duration

6.8.3 Peer Reviewed of (12 CEUs) or Peer Reviewed Geologic Publications– 12 CEUs Total

Composition – 12 CEUs

Review – 12 CEUs

Documentation – Proof of Participation

6.8.4 Presentations/Seminars – 12 CEUs Total

Presentation – 12 CEUs (1 hour prep time per hour presented)

Attendance – 12 CEUs

Documentation – Proof of Attendance and Duration

6.8.5 Research/Grants – 12 CEUs Total

Documentation – Proof of Submission

6.8.6 Specialty Certifications – 12 CEUs Total

Documentation – Proof of Completion

6.8.7 Home Study Courses – 12 CEUs Total

Documentation – Proof of Completion

6.8.8 Teaching – 12 CEUs Total

Documentation – Verification from Sponsoring Institution

6.8.9 Service on a Geological Professional Society, Geological Institution Board/Committee or Geological State Board – 6 CEUs Total

Documentation – Proof of Appointment

6.8.10 Regulatory Based Activities – 12 CEUs Total

Certifications/Training – 12 CEUs Total

Documentation – Proof of Completion

6.8.4011 For any of the above activities, when it is possible to claim credit in more than one category, the licensee may claim credit for the same time period in only one category.

6.9 Automatic Approval for course work sponsored by the following Professional Societies:

6.9.1 American Association of Petroleum Geologists (AAPG)

6.9.2 American Association of Stratigraphic Palynologists (AASP)

6.9.3 American Geological Institute (AGI)

6.9.4 American Geophysical Union (AGU)

Board.

6.10 Courses not pre-approved by the Board may be submitted for review and approval throughout the biennial licensing period.

Note: Since regulation 6.9 provides the list of sponsors that are automatically approved by the Board for any course work used for Continuing Education units (CEU) towards the total of 24 CEUs in the biennial license period, please note that regulation 6.10, allowing for pre-approval of courses for CEUs, only pertains to courses NOT offered by a sponsor listed in the list provided in regulation 6.9. Furthermore, one CEU = one Contact Hour.

7 DE Reg. 1342 (4/1/04)

10 DE Reg. 567 (09/01/06)

7.0 ASBOG Examination

7.1 An applicant wishing to sit for any portion for the ASBOG examination required for a license as a Geologist shall make application in writing, on forms provided by the Board.

7.1.1 An applicant wishing to sit for the ASBOG Fundamentals of Geology (FG) Exam may do so provided they meet the minimum educational requirements set forth in 24 **Del.C.** §3608(a)(1). To apply, the applicant must fill out the request to sit for the fundamentals application and submit their transcripts [to date] to the Board for approval. Once taken, the applicants score will be held on file indefinitely by ASBOG.

7.1.2 An applicant wishing to sit for the ASBOG Practice of Geology (PG) must have acquired 5 years of professional work experience as defined in Rule 1.0 and must submit a full application for licensure to the Board for review. Approval to sit for the PG will be dependant upon the applicant providing sufficient evidence, satisfactory, to the Board that he/she meets the qualifications for licensure set forth in 24 **Del.C.** §3608.

7.2 An applicant for licensure must have satisfactorily passed each part of the ASBOG examination with a scaled score of not less than 70%.

7.3 An applicant's approval to sit for either part of the ASBOG exam shall be valid for a period not to exceed two years.

9 DE Reg. 456 (9/1/05)

8.0 Reciprocity

8.1 Applicants applying for licensure by reciprocity must submit the state law and rules and regulations from at least one state in which they have been licensed. The Board will review these documents for substantial similarity to Delaware's state law and rules and regulations.

8.2 Applicants, who were originally licensed in another jurisdiction after June 17, 1998, will be required to have a passing score (70%) on each part of the ASBOG examination.

8.0 Voluntary Treatment Option for Chemically Dependent or Impaired Professionals

8.1 If the report is received by the chairperson of the regulatory Board, that chairperson shall immediately notify the Director of Professional Regulation or his/her designate of the report. If the Director of Professional Regulation receives the report, he/she shall immediately notify the chairperson of the regulatory Board, or that chairperson's designate or designates.

8.2 The chairperson of the regulatory Board or that chairperson's designate or designates shall, within 7 days of receipt of the report, contact the individual in question and inform him/her in writing of the report, provide the individual written information describing the Voluntary Treatment Option, and give him/her the opportunity to enter the Voluntary Treatment Option.

8.3 In order for the individual to participate in the Voluntary Treatment Option, he/she shall agree to submit to a voluntary drug and alcohol screening and evaluation at a specified laboratory or health care facility. This initial evaluation and screen shall take place within 30 days following notification to the professional by the participating Board chairperson or that chairperson's designate(s).

8.4 A regulated professional with chemical dependency or impairment due to addiction to drugs or alcohol may enter into the Voluntary Treatment Option and continue to practice, subject to any limitations on practice the participating Board chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional, deem necessary, only if such action will not endanger the public health, welfare or safety, and the regulated professional enters into an agreement with the Director of Professional Regulation or his/her designate and the chairperson of the participating Board or that chairperson's designate for a treatment plan and progresses satisfactorily in such treatment program and complies with all terms of that agreement. Treatment programs may be operated by professional Committees and Associations or other similar professional groups with the approval of the Director of Professional Regulation and the chairperson of the participating Board.

8.5 Failure to cooperate fully with the participating Board chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate in regard to the Voluntary Treatment Option or to comply with their requests for evaluations and screens may disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Board chairperson or that chairperson's designate or designates shall cause to be activated an immediate investigation and institution of disciplinary proceedings, if appropriate, as outlined in subsection 10.8 of this section.

8.6 The Voluntary Treatment Option may require a regulated professional to enter into an agreement which includes, but is not limited to, the following provisions:

8.6.1 Entry of the regulated professional into a treatment program approved by the participating Board. Board approval shall not require that the regulated professional be identified to the Board. Treatment and evaluation functions must be performed by separate agencies to assure an unbiased assessment of the regulated professional's progress.

8.6.2 Consent to the treating professional of the approved treatment program to report on the progress of the regulated professional to the chairperson of the participating Board or to that chairperson's designate or designates or to the Director of the Division of Professional Regulation or his/her designate at such intervals as required by the chairperson of the participating Board or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate, and such person making such report will not be liable when such reports are made in good faith and without malice.

8.6.3 Consent of the regulated professional, in accordance with applicable law, to the release of any treatment information from anyone within the approved treatment program.

8.6.4 Agreement by the regulated professional to be personally responsible for all costs and charges associated with the Voluntary Treatment Option and treatment program(s). In addition, the Division of Professional Regulation may assess a fee to be paid by the regulated professional to cover administrative costs associated with the Voluntary Treatment Option. The amount of the fee imposed under this subparagraph shall

approximate and reasonably reflect the costs necessary to defray the expenses of the participating Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its services on behalf of the Board in addition to the administrative costs associated with the Voluntary Treatment Option.

8.6.5 Agreement by the regulated professional that failure to satisfactorily progress in such treatment program shall be reported to the participating Board's chairperson or his/her designate or designates or to the Director of the Division of Professional Regulation or his/ her designate by the treating professional who shall be immune from any liability for such reporting made in good faith and without malice.

8.6.6 Compliance by the regulated professional with any terms or restrictions placed on professional practice as outlined in the agreement under the Voluntary Treatment Option.

8.7 The regulated professional's records of participation in the Voluntary Treatment Option will not reflect disciplinary action and shall not be considered public records open to public inspection. However, the participating Board may consider such records in setting a disciplinary sanction in any future matter in which the regulated professional's chemical dependency or impairment is an issue.

8.8 The participating Board's chairperson, his/her designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional at any time during the Voluntary Treatment Option, restrict the practice of a chemically dependent or impaired professional if such action is deemed necessary to protect the public health, welfare or safety.

8.9 If practice is restricted, the regulated professional may apply for unrestricted licensure upon completion of the program.

8.10 Failure to enter into such agreement or to comply with the terms and make satisfactory progress in the treatment program shall disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Board shall be notified and cause to be activated an immediate investigation and disciplinary proceedings as appropriate.

8.11 Any person who reports pursuant to this section in good faith and without malice shall be immune from any civil, criminal or disciplinary liability arising from such reports, and shall have his/her confidentiality protected if the matter is handled in a nondisciplinary matter.

8.12 Any regulated professional who complies with all of the terms and completes the Voluntary Treatment Option shall have his/her confidentiality protected unless otherwise specified in a participating Board's rules and regulations. In such an instance, the written agreement with the regulated professional shall include the potential for disclosure and specify those to whom such information may be disclosed.

8 DE Reg. 1105 (2/1/05)

10.0 Code of Ethics

10.1 General Provisions:

10.1.1 A geologist shall be guided by the highest standards of ethics, honesty, integrity, fairness, personal honor, and professional conduct.

10.1.2 A geologist shall not knowingly permit the publication or use of his/her work or name in association with any unsound or illegitimate venture.

10.1.3 A geologist shall not give a professional opinion or make a report without being as completely informed as might be reasonably expected considering the purpose for which the opinion or report is desired. All assumptions on which the results of the report or opinion are based shall be set forth in the report or opinion.

10.1.4 A geologist shall be as objective as possible in any opinion, report or other communication he/ she makes which will be used to induce participation in a venture. He/she shall not make sensational,

exaggerated, or unwarranted statements. He/she shall not misrepresent data, omit relevant data, or fail to mention the lack of data that might affect the results or conclusions of such opinion, report or communication.

10.1.5 A geologist shall not falsely or maliciously attempt to injure the reputation or business of another geologist.

10.1.6 A geologist shall freely give credit for work done by others. A geologist shall not knowingly accept credit rightfully due to others or otherwise indulge in plagiarism in oral and written communications.

10.1.7 A geologist, having knowledge of the unethical or incompetent practice of another geologist, shall avoid association with that geologist in professional work. If a geologist acquires tangible evidence of the unethical or incompetent practice of another geologist, he/she shall submit the evidence to the Board.

10.1.8 A geologist shall not use the provisions of 24 Del.C., Ch. 36 or the Board's regulations to maliciously prosecute, harass or otherwise burden another geologist with unfounded or false charges.

10.1.9 A geologist shall endeavor to cooperate with others in the profession in encouraging the ethical dissemination of geological knowledge especially when it is in the public interest.

10.1.10 A geologist shall not engage in conduct that involves fraud, dishonesty, deceit or misrepresentation either directly or through the action of others.

10.1.11 A geologist shall not discriminate against any person on the basis of race, creed, sex or national origin.

10.1.12 A geologist shall not aid any person in the unauthorized practice of geology.

10.1.13 A geologist shall not practice geology in a jurisdiction where that practice would violate the standards applicable to geologists in the jurisdiction.

10.2 Provisions Concerning Monetary Matters

10.2.1 A geologist having, or expecting to have, any interest in a project or property on which he/she performs work, must make full disclosure of the interest to all parties concerned with the project or property.

10.2.2 A geologist's fee shall be reasonable. The factors to be considered in determining the reasonableness of a fee include the following:

10.2.2.1 the time and labor required, the novelty and difficulty of the work involved, and the skill requisite to perform the service properly;

10.2.2.2 the likelihood, if apparent to the client or employer, that the acceptance of the particular employment will preclude other employment of the geologist;

10.2.2.3 the fee customarily charged in the area for similar geological services;

10.2.2.4 the total value of the project and the results obtained;

10.2.2.5 the time limitations imposed by the client or by the circumstances;

10.2.2.6 the nature and length of the professional relationship with the client;

10.2.2.7 the experience, reputation, and ability of the geologist or geologists performing the service; and

10.2.2.8 whether the fee is fixed or contingent.

10.2.3 When the geologist has not regularly performed services for the client, the basis or rate of the fee shall be communicated to the client, preferably in writing, before or within a reasonable time after commencing services.

10.2.4 A fee may be contingent on the outcome of a project for which geological services are rendered, except for a project where a contingent fee is prohibited by law or professional ethics. A contingent fee agreement shall be in writing and shall state the method by which the fee is to be determined.

10.2.5 A division of fee between geologist and other professionals who are not associated may be made only if:

10.2.5.1 the division is in proportion to the services performed by each geologist or professional or, by written agreement with the client. Each geologist or professional assumes joint responsibility for the services performed;

10.2.5.2 the client is advised of and does not object to the participation of the geologist and/or other professionals involved; and

10.2.5.3 the total fee is reasonable.

10.2.6 A geologist shall not accept a concealed fee for referring an employer or client to a specialist or for recommending geological services other than his/her own. A geologist who engages or advises a client or employer to engage collateral services shall use his/her best judgement to ensure the collateral services are used prudently and economically.

10.3 Provisions Concerning The Relationship With The Client

10.3.1 A geologist shall not undertake, or offer to undertake, any type of work with which he/she is not familiar or competent by reason of lack of training or experience unless he/she makes full disclosure of his/her lack of training or experience to the appropriate parties prior to undertaking the work.

10.3.2 A geologist shall protect to the fullest extent the employer or client's interest, so far, as is consistent with the public welfare and professional obligations and ethics.

10.3.3 A geologist who finds that an obligation to an employer or client conflicts with professional obligations or ethics should have the objectionable conditions changed or terminate the services.

10.3.4 A geologist shall not use either directly or indirectly any proprietary information which is developed or acquired as a result of working for an employer or client in any way that conflicts with the employer's or client's interest and without the consent of the employer or client.

10.3.5 A geologist who has worked or performed a service for any employer or client shall not use the information peculiar to that employment and which is gained in such employment for his/her own personal profit unless he/she is given written permission to do so or until the employer, client, or their successor's interest in such information has changed in such a way that the information is valueless to him/her or of no further interest to him/her.

10.3.6 A geologist shall not divulge confidential information. This does not relieve a licensed geologist from the duty to report conditions required by law or regulation.

10.3.7 A geologist retained by a client shall not accept, without the client's consent, an engagement by another if there is a possibility of a conflict between the interest of the two clients.

10.3.8 A geologist shall advise an employer or client to retain, and cooperate with, other experts and specialists whenever the employer's or client's interests are best served by such services.

10.3.9 A geologist shall not terminate services to an employer or client when it will cause immediate jeopardy to the employer's or client's interests. The geologist shall attempt to give due notice of termination; however, the geologist may terminate services under any of the following circumstances:

10.3.9.1 failure to receive compensation or good evidence indicating compensation will not be received for services performed;

10.3.9.2 when continued employment will result in a violation of 24 **Del.C.**, Ch. 36 or other illegality;

10.3.9.3 when continued employment will result in sickness or injury to the geologist or his/her dependents.

10.3.10 A geologist shall not use or abuse drugs, narcotics, controlled substances, or illegal drugs without a prescription from a licensed physician. A geologist shall also not abuse alcoholic beverages such that it impairs his/ her ability to perform his/her work.
