5.0 Reinsurance Parameters

Annually, the Executive Director shall set an attachment point, cap, and coinsurance rate for the reinsurance program for the upcoming year based on anticipated revenue and recently reported premium, enrollment, and claims data.

6.0 Reinsurance Payments

- 6.1 A reinsurance eligible issuer becomes eligible for a reinsurance payment when the claims costs for at least one reinsurance eligible individual's covered benefits in a calendar year exceed the attachment point.
- 6.2 The Executive Director shall calculate the total reinsurance payment owed to each reinsurance eligible issuer.
 - 6.2.1 Subject to subsections 6.2.2 and 6.2.3, the reinsurance payment made to each reinsurance eligible issuer for a benefit year will be the product of the coinsurance rate and the portion of the reinsurance eligible issuer's total reinsurance eligible claims for the benefit year that fall between the attachment point and the reinsurance cap.
 - 6.2.2 The Executive Director shall uniformly reduce or increase the coinsurance rate to the extent necessary, but at no time shall the increase exceed 100%, to ensure that reinsurance payments equal the total available funding for the benefit year, as determined by the Executive Director in his or her sole discretion.
 - 6.2.3 In making the calculation under subsection 6.2.1, the Executive Director in his or her sole discretion may disregard any or all reinsurance eligible claims reported by a reinsurance eligible issuer under Section 4.0 that cannot be verified as part of the audit described under subsection 7.1.

- 6.3 The program shall issue reinsurance payments to all reinsurance eligible issuers on an annual basis in the year following each benefit year.

- 8.2 The Executive Director may audit a reinsurance eligible issuer to assess its compliance with the requirements of this Section.
